Dear Bro. White —

I just see from my Review that you expect to be in College View. Now, I have tried to get away and come out to see you, but I can't do it. Have to keep my nose right on the grinde stone this year to get through. I write to ask if it is not possible for you to visit me here if you are East. I am very anxious to see you as there are a number of things I want to talk over with you. I have written you a number of letters, but don't find a way to say what I want to. Hope you have a good time at the Med. Miss. Council and that I may see you —

Your bro, in hope —
