

THE THREE ABSOLUTES

After the Son and Spirit, the Father DIFFERENTIATED

HIS HAVONA PRESENCE

from

THE POTENTIALS OF INFINITY.

The potentials of Infinity are space concealed in:

THE UNQUALIFIED ABSOLUTE

and divinely enshrouded in:

THE QUALIFIED (DIETY) ABSOLUTE .

These two become ONE in the CO-ORDINATING function of

THE UNIVERSAL ABSOLUTE.

QUALIFIED ABSOLUTE

1. Personal
2. Deified
3. All-powerful activator
4. The potential which was segregated from reality

UNIVERSAL ABSOLUTE

1. Associative coordinator of total existential potentialities
2. Correlates the experiential with the existential
3. By virtue of the equipoising presence of the Universal Absolute, the FIRST SOURCE AND CENTER realizes the following:
  - a. Extension of experiential power through experiential Deities
  - b. Enjoys identification with evolutionary creatures
  - c. Achieves expansion of experiential Deity on the levels of: the SUPREME, ULTIMATE, and ABSOLUTE

UNQUALIFIED ABSOLUTE

1. Infinity Potentials
2. Impersonal
3. Undeified mechanizer
4. Positive universe over-control
5. Conditioned by:
  - a. Mandates of Paradise
  - b. Presence of life, mind, spirit, and personality

p 5:7:No. 6 "The two Absolutes, --Qualified and Unqualified--are coordinated and unified in and by the Universal Absolute."

All three are ONE Absolute (divergent in function; functionally differential on sub-infinite levels) 15:5

Why we divide into "threes": "Mind can never hope to grasp the concept of an Absolute without attempting first to break the unity of such a reality" 1261:#3:2

(The Father did not "divide" himself or cut himself down the middle-- he simply "differentiated" his potentials.)
