Dear Christy,

Warmest greetings to you, from Pat and me. We wish you well and trust that all of you soon will be enjoying a rewarding, if hectic, Urantian get-together. We regret missing out.

Just a brief word on behalf of the potential Urantia Book course at California State College, Bakersfield.

Both Dr. Hunt and Dr. Calabrese visited our Urantia Society meeting in Los Angeles Sunday, and I asked them to take a moment at the program's beginning and brief us all on the proposed course, and on their intentions. They did so, and the general reaction, as far as Pat and I could measure it, was genuinely enthusiastic.

That evening, Julia Fenderson served a buffet dinner for the two mathematicians, and Pat and I again had an opportunity to listen to them, and talk with them.

From these meetings I have gained a favorable impression of both individuals. Further, Julia has talked at length with each of them, as you know, and she informs me that they are devoted to the principles of the Foundation--especially Dr. Hunt--and that they have a clear understanding of the need for the Foundation's careful guarding of the Book. In addition, Julia has provided me with a copy of Dr. Hunt's letter of June 23 to Jim Mills.

In view of Julia's enthusiasm toward the professors, and my awareness of increased interest on college and university campuses for spiritual truth in general and for the Urantia Book in particular, I hope that this introductory course will have the Foundation's blessing.

Love,

cc Mr. Jim Mills
