

COMMITTEE ON EDUCATION SUMMER WORKSHOPS - 1979

PROGRAM

EDUCATION ON URANTIA

The first sessions will focus on educational content and techniques of Dalamatia and the Garden of Eden, proceeding to an in-depth examination of how Jesus taught and continues to teach. We will look at the nature of the material taught, how it influences and is influenced by techniques, how it determines and is determined by the student and/or students.

The format will consist of an opening presentation, with purposes and goals outlined by the Chairman on the committee and a key-note talk by a guest speaker. The assembly will then divide into groups for discussion and to complete a task on the given subject.
