

September 2

Dear Nancy,

I am writing for the Education Committee to request time at the 1981 Conference for a presentation. As we understand it at present, we may have one morning and accommodate 200

people. Is this correct? While our plans are not firm, we are thinking perhaps of a demonstration workshop, panel discussion, and question and answer period. We hope to keep on theme by steering the individual as teacher/student of spiritual truths.

I would certainly appreciate your reaction and advice on this subject. If more formal application is necessary, just let me know. I'll be happy to fill out any required forms. Many thanks for your attention and hard work. You've taken on an

enormous task! Best wishes to you, Vern, and the entire FOG group!

Much love,  
Rynne
