
The
FELLOWSHIP

for readers of The Urantia Book

To: All contributors listed in 'Resource Guide for
Secondary Works of The URANTIA Book'

From: Tony Finstad... on behalf of the Special
Projects Committee (The Fellowship)

Date: June, 1992

Subject: Resource Library

Dear Friends,

Our committee, which put together the Resource Guide for Secondary Works (summer 1990), has been assigned a project in which your response will be most helpful and greatly appreciated.

The Executive Committee of The Fellowship has approved (with limited funding) to continue moving forward with creating a new resource library. It will be located at The Fellowship headquarters building in Chicago.

The purpose of this project is quite simple. We plan on creating an informative and comfortable place for anyone who would like to visit. It will provide another new service for our community of readers.

This designated space will be furnished and organized much like a modern (cozy) library. There will be sections on History of The URANTIA Movement; Secondary Works of The URANTIA Book; Major Religious Books; we also have a complete set of Encyclopedia Britannica dated 1929. There will be a section for newsletters as well as a station for audio/video materials and hopefully a computer linking up with The Brotherhood of Man Library.

This will not be a lending library. People who wish to have a copy of your material will be encouraged to purchase a copy directly from you by using the available listing of the Resource Guide for Secondary Works.

My task....is to encourage you creative contributors to send us your goods!....please;

Resource Library
c/o The Fellowship
529 Wrightwood Ave.
Chicago, IL 60614

If you wish to be reimbursed for shipping fees or for the cost of your materials, please let me know (committee information only). If you have any questions or ideas....I would like to hear from you.

Call Tony @ 206 485-8266 (Seattle)

We're excited about this 'special project'. The resource library is another sincere effort in the of sharing current inspiration as well as historical information.

We thank you in advance for your contribution. send it off as soon as possible or bring it with you if you plan on attending the Summer Seminar Conference Lake Forest. Please tag your items 'Resource Library'. We hope to have the construction part of the project started this summer.

Keep that creative spirit flowing!

Special Projects Committee;

Bob Bruyn
Tony Finstad
