URANTIA

Mr. John Hales
533 Diversey Parkway
Chicago, Illinois 60614

Dear John,

Thank you for the information about letterheads. Frankly when we found that printers speak in terms of 500 minimums we more or less gave up on the idea as ridiculous since we might write between 25 to 35 letters per year. The 500 minimum still holds for just having your name printed on letterheads, so perhaps we should consider 100 as a starter unless you think 50 would be better under the circumstances.

Our plans for October 2 seem to be progressing well. Out of approximately 125 flyers sent out we have received word back of more than * 30 people who plan to attend.

As the time grows short we suddenly realize that we have neglected to acquire some materials that we think we should have: a supply of the sheets on the Foundation and the Brotherhood. Also it would be good to have some of the historical sheets that will be going into new books. We have a few ^{cash} here and it would be simple to run off some copies of these if it would be okay to save you postage, etc. on these. ? We had better give you a call.

There is another kind of material that would be most helpful, since one of the topics scheduled for rather complete coverage is how to set up and maintain study groups. Is there anything ready yet in the way of kits?

We received some material in the mail recently and wondered if you had any information on this. Copies enclosed.

Most sincerely,

Lew

P.S. would you mind *informing* Tom concerning the material ~~enclosed~~

Thanks again

Alice
