Brotherhood

SUMMER STUDY SESSION

AUGUST 23, 24, 25, 1963

SETTLE FOLDER USED FOR
SUMMER STUDY SESSION

A folder was made up for each person in advance and given to them as they registered - with a name tag and pin clipped to the top.

Each folder contained a copy of the program, 1 "Fundamentals of the Urantia Papers," and several sheets of blank paper for notes.

As other outlines were given out later, they were placed in the folder.

In the front hall, we had extra paper, 3x5 scratch pads, 5x8 scratch pads, and 2 dozen sharpened pencils. All (except the paper) were gone before the end of the session.
