May 26, 1972

MEMBERS AND FRIENDS OF THE URANTIA BROTHERHOOD:

This letter is your invitation to attend the 1972 Summer Study Session sponsored by the Urantia Brotherhood School. Full-day programs are scheduled for Friday, July 21, and Saturday, July 22, at 533 Diversey Parkway, Chicago. For your information, program outline and an enrollment form are enclosed. We are also enclosing a list of hotels in this neighborhood.

We are taking the unusual approach again of writing to specific members and friends of the movement with the thought that the program can be tailored to those who have already shown a great deal of interest, if not a commitment, to the teachings of the Urantia Book. Please think about this opportunity for you to attend and send your enrollment form as soon as possible. This we are asking in order that we may make some estimate of the number of people who will be in attendance as our space is very limited.

The sessions will start promptly and we would appreciate your early arrival, particularly for the first session, as registrations will take considerable time.

Sincerely,

Kenton E. Stephens
Kenton E. Stephens
Chairman, Committee on Education
