Sir Hubert Wilkins,  
Park Central Hotel,  
Framingham, Mass.

Dear Sir Hubert:

Bill is out of town so I am answering your letter of  
November 26th.

I, personally, mailed your note book to you at your  
New York address, (37 W. 53rd Street) about ten days  
or two weeks ago. Because of its nature it was necessary  
to mail it first class, but not necessary to insure it,  
so I have no receipt to give me the exact date. I did  
not know you wished it mailed to Framingham and therefore  
used the address I had in my files. Since I do not know  
to whom to write at your New York address I will let you  
get in touch with that office.

Please accept my apology for its delay. I am sure you will  
receive it but will you please let me know when you do.  
It looked like such a wonderful note book and I would  
despair of having to reproduce it.

Since you have overpaid the postage on your books, I am  
returning your \$1.00.

We are beginning to receive a few responses (both pro  
and con) with reference to the book, and were you here  
you could read them, and I am sure you would be very  
interested in them.

With my very best regards, I remain,

Sincerely yours,

(Mrs. William S. Sadler, Jr.)
