

December 9, 1956

The Reverend Meredith J. Sprunger
215 North Slate Street
Culver, Indiana

Dear Mr. Sprunger:

I thought you might be interested to know that we have mimeographed the presentation of the Urantia Book which you prepared, and a copy is attached. This was copied from the one which you gave Mr. Sadler, omitting the two paragraphs which discussed the origin of the book.

Yesterday I saw the copy which you had had reproduced and sent to Dr. Sadler, and of course I noticed that you had included two paragraphs on origin, which replaced the original two. Our copies had been reproduced before receiving your revised copy, but I think you will agree that it reads very smoothly without any reference to origin. It is our feeling that the less the origin is discussed, the fewer problems we will have.

We all feel that you have done an excellent job on the presentation and so many of our people asked for copies that we decided to reproduce it in quantity. Thank you very much.

Cordially,

Secretary-General

Marian Rowley
