Mr. Jacques Weiss  
28, Rue Cambaceres  
Paris VIII, France

Dear Mr. Weiss:

Thank you for your letter of December 26. I am glad you received the two books so promptly.

Your suggestions regarding the index and the addition of a glossary are very interesting, and your comments on a French edition of the book are very enlightening. Since both the index and the matter of translation are the direct concern of the Urantia Foundation, I am turning your letter over to them for their attention.

In answer to your question, we printed 10,000 copies of the book in the first edition. And I must tell you that the printing wasn't done by any "occult support behind." A number of people who were interested in seeing the book published contributed money over a period of several years. And even though most of the donations were comparatively small, they were enough to make plates and print 10,000 books.

We are delighted that you are so interested. Please let us know if we can help you in any way.

Cordially,

Secretary-General

Marian Rowley
