

May 7, 1957

Dr. Meredith J. Sprunger
307 N. Plymouth St.
Culver, Indiana

Dear Dr. Sprunger:

I have your note telling me you will be with us on May 19. That is the Sunday that I have the program so I will arrange for you to have part of my time to tell our folks whatever you may have on your mind that you think will be helpful to them.

I will talk with you about the condensation problem at the time of your visit.

Sincerely,

William S. Sadler

WSS/ar
