Dr. Meredith J. Sprunger
215 N. Slate St.
Culver, Indiana

Dear Meredith:

I don't believe anybody has invited you to our annual picnic at Beverly Shores next Saturday, June 21. I just talked to Christy and she said by all means I should send you a notice and urge you and Irene to come if you possibly can. The children are welcome too, of course.

The notice says 2 o'clock, but come earlier if you can. Each one brings his own food and we supply coffee and milk. We usually eat between 5 and 6 and if you come real early you bring your own lunch too.

Doctor and Christy would especially like to see you and of course so would I and all the others. I do hope you can come.

Cordially,

Marian Rowley

MTR

P.S. I'm writing Dave Schlundt this morning and urging him to come too. And if there are any others of your group you think would enjoy it, please invite them too. This is not a formal affair and since we don't provide the food, the number makes no difference. Everyone is welcome.
