Dear Dr. Sprunger:

I have read with interest your letter and enclosures. I don't know any way to answer criticism or help people about THE URANTIA BOOK if they fail to read it or study it. Again, if people have a confirmed bias or fixed prejudices there is nothing you can do about it.

When a bottle is securely corked you can't get anything in or anything out.

Thank you for remembering me in this matter.

Sincerely,

William S. Sadler
