Culver, Indiana

Dear Meredith:

I'm sorry for the long delay in answering your letter of November 14 to Dr. Sadler, suggesting the possibility of our printing a booklet containing the evaluation and summary of the book. Doctor intended to present it at the Executive Committee meeting in December, but he was ill. It was presented in January and everyone was given a copy to read.

At our February meeting last Monday, it was agreed that you have done an excellent job and this should be very helpful in presenting the book to someone new. However, the Committee felt that we should reiterate our policy not to authorize or publish anything along this line. We prefer not to make anything of this sort an official publication of the Brotherhood or the Foundation. As you may perhaps know, others have prepared similar documents and we feel there is a place for all of them, but the policy is not to make any one of them official by putting them out in printed form.

Cordially,

Secretary-General

Marian Rowley
