Doctor:

I go all the way with you on the attached, but I go farther. For myself, I would rather see no mention of the book at all than in this chapter. You suggest that they move it somewhere else, but if they don't they might leave it here. How about adding something to this effect:

~~Since we have not seen the entire manuscript, it is difficult to suggest where the reference to the Urantia Book might be inserted, but since this meant so much to Sir Hubert.~~

This book meant a great deal to Sir Hubert and it seems as if some mention of it should be made in the story of his life. Since we have not seen the entire manuscript, it is difficult to suggest where the two paragraphs about the Urantia Book should be inserted, but as the main theme of the book is the Fatherhood of God and the Brotherhood of Man, it would seem appropriate in a chapter on his religion or philosophy of living. However, if another spot ~~cannot~~ ~~not~~ be found for it, we would ask that it be removed from this chapter and not mentioned at all, as it is misleading to those who are interested in the Urantia Book and also to those who are interested in mental telepathy.

You might also suggest that they change the word "Society" to "Brotherhood" - although that isn't too important.
