Dear Mrs. Booth:

Thank you for your letter of March 30 and the check for \$12.50. Your Urantia Book will be sent immediately.

We are delighted that you are so interested in the book and that you want to spread it among your friends. And we were so sorry that you were not able to come to Chicago with the Oklahoma group. We had such a good time with them and I think they did too. We do hope you can come sometime, either alone or with them, or with other friends.

As for other literature, I'm not sure just what you mean by the single page introducing the book. The organization has never issued anything like that, but the attached sheet prepared by Robert Burton may be what you are referring to. If you want more, he probably has them and I could get them for you.

The only thing the Brotherhood has issued (or the Foundation) is the enclosed brochure "Excerpts from the Urantia Book." We have found this very helpful in introducing the book. If you want more of these I'll be very glad to send them. I expect to be in California between April 7 and 20, but if your request comes in while I'm gone, I'm sure someone else will take care of it.

We're looking forward to meeting you someday.

Cordially,

Marian Rowley
Secretary-General
