Dear Mr. Snider:

We have enjoyed your letter of December 3rd setting forth your experiences in the dissemination of the Urantia Book. Don't be discouraged - we have all had similar experiences.

This book belongs to the era immediately to follow the conclusion of the present ideological struggle. That will be the day when men will be willing to seek truth and righteousness. When the chaos of the present confusion has passed, it will be more readily possible to formulate the cosmos of a new and improved era of human relationships. And it is for this better order of affairs on earth that the book has been made ready. It is being given to those who are ready for it long before the day of its world-wide mission. We have been admonished that over-rapid growth would be suicidal; that we must learn to possess our souls in patience. We are in association with a revelation of truth which is a part of the natural evolution of religion on this world.

We have three organizations: the Urantia Foundation, a tax-exempt, common-law Trust, publishes the Urantia Book and holds the copyright thereto; the Urantia Brotherhood is a voluntary association of students of the Urantia Book. These students are scattered all over the world. When ten or more such students wish to affiliate with the Urantia Brotherhood they may apply for a charter as a Urantia Society. There is attached hereto a form letter which gives you further information regarding the Brotherhood; the Urantia Brotherhood Corporation is the fiscal agent of the Brotherhood.

You might understand more of the activities of the Brotherhood by reading two addresses given at the Triennial Delegate Assembly meeting last August. Copies are enclosed.

We will be happy to hear from you at any time, and if you have further questions, feel free to write us.

Sincerely,

Alvin L. Kulieke
