Honolulu, Hawaii 96822

Dear Mr. and Mrs. Kantor:

We are delighted to have your letter of July 2nd and to learn that you are heading back to school to complete your college education.

I will try to answer your questions. From September to March we do conduct a seminar one night a week. This past year we studied the sermons and discourses of Jesus. Of course, we need money - all non-profit organizations do.

As to a counseling service we do not have an organization so designated but we use people for this purpose who have been trained in the Urantia Brotherhood School.

Under separate cover we are sending you 25 copies of the brochure. There is no charge for these.

Continue to study and to grow in your understanding of the teachings of the Urantia Book. If you will become valiant soldiers of the circles I am sure your place in this great movement will become evident to you.

Sincerely,

E. L. Christensen
