Dear Friends:

This will acknowledge receipt of your check for \$5.00 and 8 air mail stamps received today. The Index will go forth immediately.

We are very intrigued by your statement that you will probably drive to Chicago this spring for a visit. When you have decided on the date please let us know, as I would like personally to be on hand to welcome you.

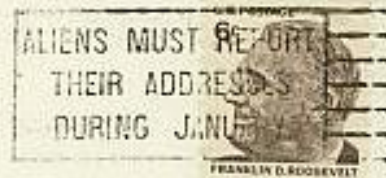

I presume the study group you are involved with is the one conducted by Georgia Gecht. We have many study groups in and around the Los Angeles area, and I am glad you have located one that fills your needs.

Sincerely,

E. L. Christensen
Vice President

ELC/ar
