Dear David and Sue:

Thank you for your nice letter of September 3. I had been a little concerned about you since we had had no word since your visit this past summer.

I am glad to know that you are going to be near Berkeley and able to attend some of Vern's classes but I am very sorry to learn that you do not like the town of Hayward. I don't believe I would either from your description of it.

I think you are correct in your idea that we must have our own experiences with the book, but I do think it helps to clarify some of our concepts by visiting and discussing the teachings with others. I am sure you had a great many marvelous experiences this summer on your travels and I would be glad some day to hear about them.

I am hoping that you two will have a great experience in Hayward and will be able to teach many about the Fatherhood of God and the Brotherhood of Man.

Martin and I both send heartiest greetings and best wish to you.
