Dear Friends:

I am delighted to have your letter of September 23, telling of your pleasant experience with Vern and his class in Berkeley. Vern is doing a great work with his broadcasts and I am sure you two can be of great help to him in his many undertakings. Of course, I know you are busy with your school work and that is the most important thing right now. I feel that we must each work out our own method for doing the Father's will and disseminating the teachings of the URANTIA Book, and I am sure much can be learned from Jesus' instructions to his Apostles.

I am really pleased that you two are in close touch with Vern as he is a born teacher and thoroughly devoted to URANTIA teachings.

Please keep in touch with us.

Sincerely,

(Miss) E. L. Christensen
