January <sup>30</sup>~~28~~, 1976

Mrs. Meredith J. Sprunger  
4109 Plaza Drive  
Fort Wayne, IN 46806

Dear Irene:

Thanks for your letter of January 26 with the various enclosures. I appreciate your sending the names of the officers so quickly, and I'm glad you are all the same for another year. It's great not to have to break in new ones every year.

Also, we are glad to have the names of the delegate and alternate. However, a standard form will be sent you later one and we will appreciate your filling that out with the same information and returning it for our files.

Thanks too for the names and addresses of your members and the total number as of December 31, 1975. This letter crossed ours to you with the new form for filling in this information.

We hadn't forgotten about the list of names for your workshop. Sometime ago Christy asked me to make up such a list for you and I talked to John about it. But we had both been so busy that we let it go until your letter reminded me. I have made up the attached list from our mailing list. Perhaps some of them are too far away and you can eliminate those. I didn't take the time to try to locate all the towns. John suggested that I just include all Indiana, Michigan, and Ohio, which I did.

Christy said she tried to call you, but you were away. Leone died Tuesday morning and we had the service here at 533 last night (Thursday). Anne Rawson made the selections from the book and did all the reading. Afterwards, we all went to the third floor for a reception. It was a very nice occasion. Leone would have liked it. Glad you're getting along so well!

Affectionately,

Marian Rowley
