Fellow Urantians:

Having recently arrived in the San Francisco Bay area, I am interested to make contact with Urantians here. The telephone book seems to be of no help so my hope is that you would forward me names and numbers, particularly of study groups.

Thank you and God bless!

Dear Miss Christensen:

Being deep into study of the Urantia Book, naturally one becomes enthusiastic about the sharing of this beautiful truth with others. And in doing so I invariably confront the question of its human origin. I know what the book offers on the subject but, more often than not, it doesn't seem to meet the need of my questioners.

Through fellow Urantians I learned that at the time of the translating of the information in 1934 you were present, that you are the last living member of those who recorded the information for subsequent printing, and that present also or involved was a well-known psychologist or such who was instrumental in the recognition of the value of the information rolling through this unnamed medium.

I am perplexed! For me the book is complete and I never needed these kinds of answers. But I long to answer with authority those who put importance to this question.

Will you enlighten me, Miss Christensen?

David

Dear Joe:

Thank you for your letter of August 17. I am very happy to learn that you are enjoying the beautiful URANTIA Book.

The name of the "subject" through whom these Papers have been transmitted has not been revealed, but you will find many references to the "subject" in The URANTIA Book. I am happy to tell you that no medium or psychic had any connection with the transmission of The URANTIA Book material. If you will read pages 1257-58 you will find that the members of the Reserve Corps of Destiny are of special service to the superhuman administration of world affairs. At the beginning or the end of each Paper you will find a paragraph detailing how that section was written. The Jesus Papers were, of course, prepared by the Midwayers under the supervision of the Midwayer attached to the Apostle Andrew. You will find this introduction in Section 4 given in the Book. A careful reading of The URANTIA Book will fill in the answers you need and if you prepare these you will find that you have considerable information as to the origin.

I do not think we should be concerned about origin. The URANTIA Book speaks for itself and the spirit of truth which dwells within you will tell you if it is truth or fiction. We consider it the greatest truth that has ever come to this planet. The URANTIA Book calls it the Fifth Epochal Revelation; Jesus of Nazareth being the fourth. (See pages 1007 and 1008 under Section 4, entitled "The Gift of Revelation".)

I hope you have been able to meet some good URANTIANS in your area. If you are near the San Francisco area, we have a very fine study group located there. Its President is Mr. David Gray. Please write him at:

San Francisco Bay Area URANTIA Society  
Box 126  
Berkeley, California - 94701

They hold weekly meetings, I believe, on Thursday evenings, but you could get this information from David if you desire to join them.

Sincerely,
