Dr. Meredith J. Sprunger, President
URANTIA Brotherhood Corporation
533 Diversey Parkway
Chicago, Illinois - 60614

Dear Meredith:

Re: Foreign Trademark Protection

As you may know, the Brotherhood Corporation made shipments to the following countries making inadvertent use of the Foundation's registered marks:

Australia	Mexico
Canada	Nigeria
Finland	Peru
France	The Philippines
Ghana	Spain
Ireland	Switzerland
Jamaica	United Kingdom
Japan	West Germany

As a result of these shipments, URANTIA Brotherhood may have acquired conflicting rights to the word URANTIA and the Concentric-Circles Symbol as marks in its own name notwithstanding that such use was made with the permission of URANTIA Foundation.

You may recall that on previous like occasions our attorney has advised that assignments should be made to URANTIA Foundation. They have prepared such documents and they are enclosed herewith. These will accomplish the assignment of any rights acquired by URANTIA Brotherhood Corporation to URANTIA Foundation.

We are also enclosing with this letter certain User Agreements which will give URANTIA Brotherhood Corporation the privilege of using the marks in the countries affected.

You will note that the Corporation signatures called for are those of E. L. Christensen, Vice President, and Marian Rowley, Assistant Treasurer. This was done purposely inasmuch as they occupied those offices as of the relation back date. Lyman explains that this avoids technical problems.

Both Christy and Marian have executed these documents pending the approval and ratification of their signing on behalf of the Corporation by the Corporation, and it is for this approval that we are now bringing this matter to your attention.

Both in safe.

For your convenience, a photocopy of one of the Assignment and Quitclaim documents and one of the User Agreements is enclosed with the letter copy being sent to your home address.

Please let us have any questions and/or comments you may have.

Once you are satisfied with the nature and import of the documents, we would appreciate your presenting them to the Board of Directors of URANTIA Brotherhood Corporation for their consideration and approval and the noting of the latter in the Corporation's minutes.

Cordially,

Thomas A. Kendall
President
