Dear Charles:

Sorry for the late reply to your March 5 letter. What with new workers and reorganization, your letter ended up in Accounting and was just now given to me. The price of progress?

In any case, Marian had talked with Julia and the tax letter went out March 17. Thanks for bringing me up to date on Julia's arrangements and your changing situation. You are a "third miler."

Good hearing from you. Keep in touch. Scott et al send greetings.

Warm regards,

John W. Hales

Give my personal greetings and love to Julia - she is in our thought and prayers. J
