An Open Letter to all URANTIA Brotherhood Members

Dear Friends,

We wish to introduce ourselves and, as fellow truth seekers, pass on information we know is of importance to you.

There are four of us, Ruby, Charles, Martin and Benjamin, our ages range from early forties to late sixties.

We meet, usually every week, in the comfort of one of our homes and discuss our thoughts, feelings and actions of the previous week, followed by a period of silent meditation. It was during one of these periods of meditation in 1984 when the Higher Consciousness that is Abraham first spoke to us through Ruby.

The introduction began, and still does, with the words "I am Abraham, I am your Teacher".

At that first meeting Abraham told us "I shall teach you the Truth".

After a few years we believe we arrived at a particular level of understanding and acceptance of the truth of these teachings.

Abraham then introduced us to his friend and teacher, Melchizedek.

It must be stressed we did not consider ourselves as religious in the usual context of the word. Knowledge of the Biblical Abraham was minimal and Melchizedek unknown to us.

In August 1987 Martin's niece gave him a copy of The URANTIA Book. We were overwhelmed. The URANTIA Book confirmed and helped secure our understanding. As our communications with Abraham and Melchizedek progressed, with reference to The URANTIA Book, it became evident that this collective wisdom was not only for us, but for the understanding of all.

Where to start? This question was answered on reading in Vol 13 No 2 'The Urantian - Journal of Urantia Brotherhood' an article by Henry Begemann of The Netherlands. "...Machiventa Melchizedek, Vice Regent Planetary Prince of Urantia .. For an unnamed reason he has not yet assumed his office..."

We know Machiventa Melchizedek has made his presence known to us, and HAS taken up the position of Vice Regent Planetary Prince. This we know as fact. In November 1988, in answer to the question "Are you the Machiventa Melchizedek mentioned in The URANTIA Book?" we were given the answer "Correct, I come from the Father .. Am I not here? .. The Correcting Time is NOW!"

On March 16 1989 Machiventa Melchizedek specifically requested that we relay these facts to you, this being his initial contact to confirm his presence. We will pass on any further communications as and when they are received.

".. Machiventa Melchizedek .. one of the most unique of all characters ever to become involved with the history of Urantia and a personality who may be destined to play an important role in the future experience of your irregular and unusual world ..." Pages 1025:6.

We have been told of 'the correcting time'. No specific date could be given for this as it is only known by God. Perhaps, and we believe it to be so, this IS the correcting time, a time when Machiventa Melchizedek shall invisibly inhabit the planet in order to prepare for the return of The Son of God, Planetary Prince of Urantia.

We have been told 'the work' shall not be accomplished in our physical lifetimes. There is much to be done. We are part of 'the relatively few, the vanguard'.

Obviously, as fellow truth seekers with questioning minds and hearts, you must be satisfied with the authenticity of our experiences before you can make them your own truth and to be receptive to any further communications. In answer we can only stress the sincerity of our motive and the belief that the messages will be their own authenticity, as in The URANTIA Book.

In the spirit of The URANTIA Book transcribers we wish to be as anonymous as practicable, having no desire for cultism, sensationalism or monetary gain. Over the past five years, through our progressive understanding, sometimes painfully arrived at, but always with the knowledge of the unconditional love given to us by those who have us in their care, we have found challenges, joy and love central to our being.

In Fellowship,

Ruby
