Dear URANTIA Book Student:

You are invited to attend the first Orientation meeting on Friday, December 8 at 7:30 p.m. at my home. (See enclosed map and above address)

This first meeting is open and for any one who wishes to know more about the history and organization of the URANTIA Book movement. Time will be available for questions and just informal discussion. Those who are considering becoming members will be more able to decide this after knowing more about the organization.

It would be helpful if you have any questions written so that I can put them in order and get materials together to help you.

We have a very efficient and informed committee who will also be there to help.

Lucile Faw
Duane Faw
Paul Cook
Andy Remon

I have many materials here which are prepared to help you in your studies and as I have been working in this movement for some 39 years I have a background of information and knowledge of the Book and the movement, which I wish to use to help you. It is at your disposal.

We will show slides of some of the early workers in this movement including the five Foundation members who own the URANTIA Book, and the Brotherhood workers at our headquarters in Chicago. However you who have read the Book know that it is meant for all of the world- all religions, all races, all peoples, and it is our task to help it become a leavening agent and reach those peoples.

Read p. 1330:2 in the URANTIA Book:

We will have very simple refreshments and I will provide tea, coffee and fruit juices and if you wish, you could bring snacks to go with this.

PLEASE let me know if you are coming, and I hope to see you and help you Dec. 8.

Love, joy and peace.

Julia
