THE POWER OF THE SPIRIT

CASTING BEAMS AND PLUCKING MOTES

While the spirit techniques of mercy ministry are beyond your concept, you should even now understand that mercy is a quality of growth. You should realize that there is a great reward of personal satisfaction in being first just, next fair, then patient, then kind. And then, on that foundation, if you choose and have it in your heart, you can take the next step and really show mercy; but you cannot exhibit mercy in and of itself. These steps must be traversed; otherwise there can be no genuine mercy. There may be patronage, condescension, or charity- even pity- but not mercy. True mercy comes only as the beautiful climax to these preceding adjuncts to group understanding, mutual appreciation, fraternal fellowship, spiritual communion, and divine harmony. 315:2

You are commissioned to save men, not to judge them. At the end of your earth life you will all expect mercy; therefore do I require of you during your mortal life that you show mercy to all of your brethren in the flesh. Make not the mistake of trying to pluck a mote out of your brother's eye when there is a beam in your own eye. Having first cast the beam out of your own eye, you can the better see to cast the mote out of your brother's eye. 1571:5
