CONFERENCE BULLETIN

NAME TAGS

We recommend that you wear the name tag furnished in your Conference Registration Packet during all conference events. Name tags definitely make it easier to approach each other. During this Conference, they also indicate our Hosts (red dots), Conference Companions for "new" readers (blue dots), and will enable you to receive all your meals.

GIFT TO MICHAEL

It has been revealed to us, and we now know, how indescribably much our Creator-Brother Christ Michael has given to us. It is therefore a natural reaction for us to give Him a gift on his nineteen-hundred and ninetieth birthday. On this very special occasion we have dedicated the entire conference-celebration to Him.

For those of us, who are so inclined, it is indeed appropriate to give one or more gifts to our elder brother Christ Michael. In order that we can all participate in giving gifts to Him, we have included in this Conference Registration Packet a special form on which we can write out our gifts. This form is designed that you have the unique opportunity to take one part home with you, while you may symbolically place a copy into the big giftbox for Michael. On Sunday morning we shall share some of the gifts to Michael. Some of those gifts, with permission of the individual person, will be read aloud for all of us to hear and share in. There will be open microphones so that a few of us can read our gifts aloud, always remembering Michael's admonition to "recall the life I have lived on earth among you and rejoice that I am to continue to live on earth with you and to serve through you." (1942:last)

Many of us have experienced the exhilarating effect that *URANTIA Book* conferences and gatherings generate. We experience loving fellowship, meet dedicated daughters and sons of our heavenly Father, and rejoice with God's infinite love, guidance, and perfect mercy. And all too often we have experienced that many of the well-meant plans and resolutions fall for one reason or another by the wayside of life's pathways. By holding on to a copy of your Gifts to Michael, the love, the inspiration, and good intentions spawned during the days of this gathering will hopefully continue to live. At home, place your Gifts to Michael at a place where your eyes wander to frequently. And in the end, it is not a piece of paper but our actions that count in serving each other, all brothers and sisters in all walks of life, to manifest our Father's Kingdom here and now, to participate in and through God the Supreme.

"NEW" READERS and CONFERENCE COMPANIONS

We are very fortunate to have with us at this Conference several "new readers." There is a group of people who have volunteered to be Conference Companions (Name tags marked by a blue dot) to offer guidance and loving fellowship to those who may need any assistance or help orienting themselves. There will also be a gathering (see program) to help facilitate connections.

For all our new friends, we welcome you heartily. Please feel free to ask for companionship and offer this opportunity to serve to all those willing volunteers.

NETWORKING

There has been an exciting response to our questions on special interest fields. Many of you have expressed a desire to communicate with others doing similar work or planned projects. Enclosed you will find a computer print out on the networking interests indicated by those who filled out the questionnaire.

The print out also lists the room numbers at the conference in the far right column to facilitate networking arrangements. The topics listed on the questionnaire, which are in abbreviated form at the head of each column are: Creating new multi-media projects, an "intentional" *URANTIA Book* Community; artistic creations: music, dance, prose, poetry, theater, painting, ceramics; selectively publicizing *The URANTIA Book*, doing service for our Planet; A Children's Exchange between families; translations of *The URANTIA Book*; other.

You will notice on your program that there is a time set aside on Sunday between 2:00 and 3:00 pm for larger groups to network. There will also be a Bulletin Board in the San Nicolas Hall Lobby to ANNOUNCE THOSE MEETINGS YOU YOURSELF INITIATE. It is up to you to organize and pass around information on meetings in your special interest fields. We hope that many exciting new ideas and projects will be the result of this unique opportunity.

Thanks to all of you for participating to make this possible, and if your Conference Planning Committee (red dots on name tags) can assist in your organizing, we would be happy to help.

RAFFLE

TAKE HEED!

This Raffle Ticket may be the happy winner of *The URANTIA Book* and *Concordex*, or one of numerous prizes, such as wonderful art work, oil paintings, or a framed, numbered limited-edition Conference Poster. More tickets will be for sale during the Conference at \$1.00 a piece, or 10 tickets for \$5.00.

The proceeds of this Raffle are for *The Center for URANTIA Book Synergy*, a not-for-profit organization, and will help defray part of the cost of this Conference.

BOOK AND STUDY AIDS CENTER -- San Nicolas Recreation Room

Would you like to successfully share *The URANTIA Book* with more people? Based on the experience of many CUBS readers, there is a simple method that seemingly works like magic: keep on hand in your home as many *URANTIA Books* as you can reasonably afford! Place a *URANTIA Book* on your coffee table. Have copies available as loaners. Become a conduit ready, willing and able to instantly deliver *URANTIA Books* at the lowest possible price.

Quite frankly, we think it pretty hard to introduce *The URANTIA Book* effectively if the only book you have is your own. So we make you this offer, which we hope you'll eagerly accept: Buy at least one *URANTIA Book*, or ten, or one hundred at just \$23.00 each, tax included. Or, just \$24.00 each, tax and shipping to any U.S. address included. Cash, check, Visa, or Mastercard gratefully accepted! Is that a good deal? We think it is, considering book stores charge \$34.00 to \$36.00 plus tax. Place your order at the Book and Study Aids Center in San Nicolas Recreation Room during hours the Art exhibit is open.

The Book and Study Aids Center also features other publications to help in your study of *The URANTIA Book*, and/or by *URANTIA Book* reader authors/artists.

Save \$3.00 on Clyde Bedell's *Concordex of The URANTIA Book*, indispensable to serious study of the Book and mighty helpful in getting new readers interested. Select from a range of records, tapes and publications by members of the Family of God Foundation, including Marvin Gawryn's *Reaching High - The Psychology of Spiritual Living*, blending *URANTIA Book* concepts with modern psychology in a volume praised by teens and adults alike. Don't overlook a variety of other quality materials, and certainly secure a handmade copy of our official conference poster, probably the first *URANTIA* Conference poster ever and possibly a collector's item. Santa Barbara artist Richard Niles silk screened each print in this limited edition.

CLEANING UP -- a practical value

Here is a wonderful practical opportunity for all of us to show our higher values, responsibility, and respect for each other. Let's illustrate exemplary ecological awareness, by bussing our dishes, by disposing of our cups, etc. Let's leave our surroundings improved for us having been here.

DEPARTURE

Some of us need rides to our hometowns or to places we want to go after this weekend. We have furnished a Departure Section on the Bulletin Board in the San Nicolas Hall Lobby. Ask for rides and also, more importantly, offer rides. Let's support each other.

C.U.B.S.

The Art of Living *URANTIA Book* Conference was planned and prepared by members of the Santa Barbara Study Groups. It began simply for us last year when we started to gather for special action meetings, saying to each other and to our wonderful Celestial Helpers that we wanted to work actively to bring the great teachings of our beloved Revelation to the world around us, and to be willing to do the will of our heavenly Father.

Vague as our first wholehearted prayers were, we soon were led with much ease into obvious situations that clearly indicated the work that was to be done. The details of this story are too long to tell here. (Although in private we might relate them when the time is right.) What is important, though, is to share with you out of our own experience, that once you open yourself to willingly do the Father's Will, He will reach out to you at once, and will lead you and show you what is up next for you to experience. This works for groups as well as individuals. It takes a little faith to take this first step. After all, it's up to us to take the faith-actions, all consequences are God's.

So you see that this *URANTIA Book* Conference, this weekend celebration with Christ Michael and friends, is also inspired. We are average humans. We are a very diverse group of individuals, with different cultural backgrounds, different ages, different financial situations, different sexes, different interests. In fact, we couldn't get much more diverse. It turned out that this fact is exactly our strength. Coming from so many different walks of life, our resources, our horizons are much increased and expanded. And it all works so well, because we are indeed united in Spirit. We have come to recognize our common origin and eternal destiny. We have come to experience spiritual unity. Thank you, heavenly Father, for making this superb experience known to us.

Looking back, we did not set out to create another organization. Instead, the existing organization grew out of our activities, and we are keeping it limited to the extent that such human organization is absolutely necessary to function on this planet and in this particular culture.

Our organization is quite spontaneous and totally independent of the more official organized bodies that have been created around *The URANTIA Book*. We definitely have come to see that we can be far more effective being led by our special Spirit guidance, aided by the multitude of Celestial Helpers, than to be guided merely by the human social organizations of the *URANTIA* movement.

May this special weekend-celebration be a time and place in which we can freely follow where our spirit influences lead us. Be assured that we don't make any exclusive claims on how to work with our superb teachings, or how to disseminate *The URANTIA Book*. Feel free to enjoy, to laugh, to sing and mingle freely. It is indeed a place to rejoice, surrendering all our human addictions to our (much) older Creator-Brother Christ Michael, whom we have invited all along, and who will with absolute certainty be present, as promised.

Let us also know what we can improve. May we suggest to divide any sheet of paper into two columns. In the one part write down what was excellent at this gathering, in the other tell us what we should be working on to improve in the future. We are grateful for any and all feedback. Just drop your suggestion off at the Art Show or give it to any one of the Conference Planning Committee (red dots on name tags). Anonymous comments will be just as welcome. We thank you, we thank all of our guidance.

We hope you will avail yourselves of the childcare networking meeting to make such arrangements.

MORNING WORKSHOPS

Proven Ways to Introduce The URANTIA Book

Focalizer: *Sek Seklemian*

The privelege we have of explaining God's matchless love, explaining the Father's fantastic ascension plan for all mortals, and the boundless scope of *The URANTIA Book* have motivated Sek to find practical ways of reaching out to those who hunger and cry for this joyous message of hope. This workshop will deal with some of the answers he has developed for these most common questions: how to hear the cry, what to say to introduce the book, how to answer questions (what is the book?, who wrote it?), how to talk to skeptics, agnostics, tradionalists, and hard-headed (but often fearful) business people, relatives, friends and strangers.

Everything You Need to Know About Joyful Parenting

Focalizers: *Ellen Montgomery*
Chick Montgomery

This workshop will be looking at *URANTIA Book* insights into effective parenting and raising happy kids. Julia Fenderson's class on "Preparing for Marrriage and Family" provides the material on which this workshop is based.

How Our Unseen Friends Guide Us in Our Daily Decisions

Focalizer: *Samsara Amato-Duex*

This will be a small workshop with emphasis on personal sharing. We will be examining specific quotes from the book, and using these as a framework for looking at our own experiences. We will not be searching for conclusions, but rather will be exploring possibilities. Each participant will be supplied with a list of compiled topic references. Welcome!

Co-Creating With the Celestial Artisans - Music and Color as Spiritual Tools

Focalizer: *Joel Andrews*

Over the past 12 years Joel has become known as one of the clearest channels co-creating music with higher unseen forces for upliftment. He will lead discussion on this possibility from the standpoint of the *URANTIA Revelation* (papers #44 and #113) and then pool our experience on the subject. Joel will also report on his research into the correlation of music and color and the importance of the arts in the New Age.

Advancing the Borders of Consciousness - Harmonious-Loving-Encounter-Experience

We will create together a safe, loving group environment. We will practice meditation techniques and exercises to raise the vibrations of our bodies and achieve states of expanded awareness.

Come free of expectations. Come ready to have fun and play like a child while exploring the new and the unknown. Come with an open mind and a loving heart, willing to experience rather than understand.

"Man's greatest adventure in the flesh consists in the well balanced and sane effort to advance the borders of self-consciousness..." (2097 A) *

"Love is the highest motivation which man may utilize in his universe ascent." (2096 C) *

"A social group of human beings in co-ordinated working harmony stands for a force far greater than the simple sum of its parts." (1477 A) *

A workshop with Eduardo Jalles, Sandy Garrick, and yourself!

AFTERNOON WORKSHOPS

Partnership With Our Heavenly Father - He Needs Us as We Need Him

Focalizer: *Clyde Bedell*

Clyde will be sharing with us a profound new concept concerning partnership with our heavenly Father. He will be exploring the paradox that the all powerful and loving God who has created everything in existence stands in many ways helpless to get things done on earth unless we make ourselves available for his service. And the beauty of the mutuality of relationship; that just as much as we need Him to achieve our destiny, He actually is dependent on us for fulfilling his plans.

The URANTIA Book Within the Church

Focalizers: *Tommie Clendening*
Steve Clendening

Steve and Tommie have discovered a creative relationship in one of their local churches. They have introduced several of the ministers of their church successfully to *The URANTIA Book*, and have developed a guided wisely planned ministry which has made possible a rewarding and expanding interface. This workshop will be a practical one, in which the Clendening's share from their personal experience.

(Afternoon Workshops cont.)

(Afternoon Workshops cont.)

Vanquishing Fears - Living Boldly - The Psychology of Spiritual Living

Focalizer: Marvyn Gawryn

Marvin is the author of "Reaching High", a book which communicates URANTIA Book principles in a psychological framework. In this workshop, Marvin will be discussing living boldly and overcoming fears through applying principles of spiritual living also as taught in *The URANTIA Book*.

How Your Thought Adjuster Seeks to Communicate With You

Focalizer: Asana Oliver Duex

In this workshop we will examine possibilities for communicating with our Thought Adjusters, as these possibilities are described in *The URANTIA Book*. There will be some direct experience of varied meditative techniques. This workshop will be experiential not theoretical, and we will all be sharing our experiences, as we examine *The URANTIA Book* references, and speculate on the seat of the Thought Adjuster in the human body.

Parenting Heart-to-Heart

Focalizer: Penny Poole-Oster

This workshop will be especially beneficial for parent pairs to attend together, as well as for perspective parents. Penny will be sharing her wonderful slide presentation on the same topic Friday evening. She will be synthesizing current research in the area of meeting children's needs, which she did her Master's project on. Penny feels this is an area where important service can be done "because *The URANTIA Book* says the area of parent education is in need of willing workers."

Cassettes of most of the workshops will be made available, so don't feel too bad about only being able to attend two!
