OUR WORLD - URANTIA

URANTIA WITH TRILLIONS OF OTHER PLANETS MOVES ON
MAJESTICALLY THROUGH SPACE.

		Pg.	Par.	L.
	Urantia - the starting point for man's great universe adventure.			
Name of planet -	Urantia was given it's name one billion years ago. It is listed as Urantia in the Paradise catalogue of inhabited worlds.	660	3	
Relation to system -	One of twelve planets in solar system, Monmatia. One of 619 inhabited worlds out of 1000 worlds in the system of Satania.	656	3	
Interesting planet -	One of the most interesting and intriguing planets in all the universe of Nebadon.	1025	4	
Type of planet -	Urantia is a decimal planet, a life-experiment world. The Life Carriers have introduced 28 features of life modification, which will be of service to all of the local universe throughout all future time.	664 398	1 3	
Honor conferred upon planet	Chief of ten million worlds in local universe, for it is the mortal home of Christ Michael, sovereign of all Nebadon. (Jesus of Nazareth) Urantia was a planet among the least of all creation until Michael's bestowal elevated it to a position of honor and great universe interest. This planet will one day be honored again by the arrival of Michael. He is now present in the heart of every Urantian who will receive him.	1319	1	
Isolated but cared for -	This confused planet is isolated by the Caligastia rebellion and the default of Adam and Eve. It is just as lovingly cared for as if the sphere had never been betrayed by a faithless Planetary Prince.	1259		
Unseen government-	There is operative on the planet a very definite and effective superhuman supervision of world affairs and human destinies.	1258	6	Last
Home of faith creatures-	Urantia is the home of Agondonters-to-be, evolutionary will creatures who can believe without seeing.	579	1	
	Your short sojourn on Urantia is the first link in the long chain that is to stretch across universes and through the eternal ages.	43	5	7
