EVOLUTION OF NON-SPIRITUAL FORCES - ENERGIES - POWERS

(Physical Energies)

References: P469; 470; 471

125:2 ..bounded above and below by midspace zones of quiescence par.3 space levels surrounded on all sides by relative motionlessness.....followed by cosmic force and emergent energy
130:#2:1 Domains of the U/A

Force: pre-gravity stages

Energy: all phases of motion, action, and potential

Power: post gravity stages (see page 126)

This is the unquestioned free space presence of the UNQUALIFIED ABSOLUTE. Passive and potential space potency is a pre-reality (unused, as yet) and is RESPONSIVE ONLY to the personal grasp of the Universal Father

ENTER: PRIMARY EVENTUATED FORCE ORGANIZERS... the Nebulae creators, living instigators of energy cyclones of space, and manipulators of basic space forces of the Unqualified Absolute 329:#5:4

Their passive presence TRANSFORMS space potency (Unqual. Absolute) into:

PRIMORDIAL FORCE (Pre-gravity)
"Pure energy" *SEGREGATA*

This is the first basic change of Space Potency. Passive and potential force becomes active and primordial. (Possibly a Nether Paradise function of the Unqualified Absolute.) ACTIVE OPERATIONS OF THE FORCE ORGANIZERS transmute this pure energy into:

131:2 encircling concentric rings surrounding G/U..... their PUISSANT ENERGY energy many times that of S/Us "Emergent --Ultimata"

It's nature:

- 1. Powerful-directional
- 2. Mass-movemented (-becoming responsive to Paradise gravity)
- 3. Mighty tensioned
- 4. Forcible reacting energy
- 5. Gigantic energy systems now set in motion

This energy becomes initially responsive to the Paradise "circular grasp", (the clockwise and counter-clockwise swing of the ellipse) also referred to as the "circle of eternity" as it returns to it's source. Refs. 470:2, 3 and 472:#4:2; See also 123:3 "all force-energy will return to Nether P.

The 'excitation' of this space field is then given over to the ASSOCIATE FORCE ORGANIZERS.

Their PRESSURE-presence and TENSION-trends that are set up, produce rapid changes in puissant energy, and it emerges to the level of.....

GRAVITY ENERGY

"Ultimata"

It's nature:

- | | |
|---|--|
| <ol style="list-style-type: none"> 1. It carries the potential of universe power 2. Active ancestor of all matter 3. Directly responsive to the circular grasp of Paradise | <ol style="list-style-type: none"> 4. Has potential for sensitivity to LINEAR gravity pull 5. Soon appears as material mass, - electronic and post-electronic stages |
|---|--|

UPON COMPLETION OF THIS STAGE, Force Organizers retire from these energy "cyclones" and the "intelligent action of the Ultimate"; (incl. appearance of 'ultimatons' that aggregate into electrons.) See p472:1; 475:1; 476:#6:5

(In outer space force organizers produce universe wheels 133:#4:4)

Gravity energy is now evolved into:

UNIVERSE POWER (Post-gravity)

"Gravita"

THE UNIVERSE POWER DIRECTORS, acting in the superuniverse of astronomic jurisdiction (329:#5:5; as energy catalyzers 471:6) may now take over, causing energy to segment, organize, or assemble in UNIT FORMATION.

This physical energy is now responsive to BOTH Paradise AND linear gravity and may be DIRECTED INTO CHANNELS OF POWER and made to serve the manifold purposes of the Creators.

This work is carried on by the SEVENFOLD CONTROLLERS (1273:#5) under the OVER CONTROL OF THE SUPREME.

(Interesting reference - 487:2, 3 "seas of glass on all architectural worlds are utilized for 'modifying' energy currents of space and for 'adapting' incoming physical energy streams". Also 666:#3:1-5)

Moving Paradiseward there is next a PRE-EXISTENT PHASE OF ENERGY which is characteristic of the CENTRAL Universe:

HAVONA ENERGY (Post-gravity)

"Triata"

Here the evolutionary cycle of energy turns back upon itself. Seemingly it SWINGS BACK TOWARD FORCE, but force of a nature VERY UNLIKE that of space potency (Unqual, Abs.) and primordial force.

And here it conjoins the Conjoint Actor (Infinite Spirit) who functions in behalf of the Paradise Trinity and now develops a Triune energy system -- "Triata" (470:LP; 126:3; and please read 1156:3)

TRANSCENDENTAL ENERGY

"Tranosta"

This energy system is from the upper level of Paradise and operates ONLY in connection with the ABSONITE peoples in Havona

MONOTA

"Living non-spirit energy of Paradise"

An eternity counterpart of the living spirit energy of the Original Son
