

Whole thing Mind

? (this machine) is bawling  
noonday sun  
cat slinking around corner: beat, scared and strong  
"Oh the infinity of the whole thing."

sun-sky, sun of sky  
noon walk  
mulling through problems  
of time and money  
sweat under blue jeans

Open sliding door to this room  
this soul  
Mind of soul: room for will-rent?  
one gold nugget of thought a day  
Eternals of days payoff.

Mind of machine rules  
mind of animal.  
Minded impossible sky-sun loves  
soul mind &  
human mind experience  
Sends unfathomable pulses  
of the infinity of the  
Whole  
thing  
Mind.

Let us Always Be Near

Spiritual illumination swept through the mind  
the green earth has in lovely beauty bound

Joy abounds from the treasuries of life

And my heart was free & joy reappeared

May we one day smile down on this meeting from Paradise.

THE FUTURE ISN'T WHAT IT USED TO BE, EITHER.

off in the distance I see a light - growing brighter and brighter

Create your portion of the Supreme - a jewel; clear, light and holy.

Remember my name, I AM, and I will remember yours as I am  
TOO
