

TEMPERARY ADDRESS (FURROW 2-10-57)

163 GRANT

CONNELLY, C.

JANUARY 23, '57

Dear Dr. Sprunger:

This is to acknowledge your letter
of January 17 and accompanying descriptive
material—and to thank you for both.

It is my personal opinion that few
people are prepared for the Gnostic Book.
But those few should be sought after with
the utmost diligence. I'm certain that you
are looking for those few, and I wish
you the best of luck in finding them. It
is also my present opinion that support
for the book will come from the most
unsuspected quarters; while people who
seem to be likely prospects will disillusion
us repeatedly.

I most certainly will want to visit you folks some or later; but of course I would check in advance before hand to be sure that such a visit would be timed for our mutual convenience. Meanwhile, thanks for your efforts in assisting with the distribution of the Ontario Book.

Kindest wishes to you and yours

Donald Deen
