Dear Dr. Sprunger,

It was nice hearing from you again, and especially to have the fine report Dr. Sadler gave concerning you last Sunday; he was highly complimentary. He felt that it was a shame you were not in the Chicago area, but perhaps you were where you could do the most good. He particularly praised your condensation of the Urantia Book, saying you were one who not only read the Book but were studying the Book. He was amazed at your understanding of it in so short a time. I am too.

The mulberry leaves are beginning to rustle -- there were many reports Sunday from many parts of the country and outside concerning the acceptance of this revelation. The seeds are beginning to germinate all over the place.

By the way did you ever have a reply from Dr. Grauer? Dr. Kingham of Evanston called me on the other evening, and thanked me for the Book, and asked to keep it until he had finished it. He is following your advice in reading. He said he was deeply interested, I attended his Sunday Bible Class this last Sunday and I participated briefly. I want to attend continuously as he conducts a challenging class. He is a Methodist. No reply from the others, but I consider that a good omen, because they promised me an evaluation. I have higher hopes that the ice has been broken with Dr. Kingham's friendly response.

How can you say it is a matter not too hard to arrange -- becoming a minister? It appears an insuperable performance from my present knowledge. Tell me more.

I do hope to see you soon, and when I can I'll drop you a warning.

Sincerely,

*James Fair*
