Dear Dr. Sprunger:

The courtesy you have shown me, and the trouble you have taken in regard to the Urantia Book, leave me with a feeling of gratitude. But I must confess that the book is not for me. While you may believe that a person like me is not properly responsive to ideas of this kind, you will, I am sure, prefer that he be frank if he can not be receptive.

So - when I return the book to you - please realize that I do so with

Sincere Appreciation,

Ray Jurgensen
