Dear friends:

We all enjoyed Easter Sunday very much!  
We were happy to be in your church service  
We don't want to talk with you for a  
few minutes but we never dreamed of  
having dinner in your home.

I think I have never been in a home  
where things were done with such efficiency  
and such ease. Few women would  
attempt to get and serve dinner to her  
family and three strangers between  
the church service and a two o'clock  
engagement.

We enjoyed the good dinner, enjoyed  
meeting with you and meeting your  
lovely daughter and your father.

We are especially interested in  
your work with the Wreaths Book  
and I believe you are doing a remarkable  
job.

I thank you most sincerely  
for every thing.

Sincerely yours,  
Vera Cook
