October 16, 1957

Dear Dr. Sprunger:

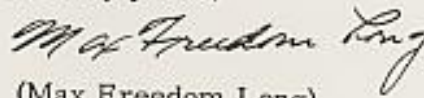

The material on the URANTIA BOOK came and I have been much pleased to have it. I have finished within the hour folding the last of the current HRA Bulletins and will send you a copy as it tells of the change in plans for the HRA work in the future.

I note that you are not too anxious to have the news of the URantia Book spread far and wide, and in the wrong places, and can well understand the reasons.

Perhaps, when I have had more time to read URANTIA I will understand it better and have more to say about it than I have now after perhaps 10 hours of reading all told.

Again, my warm thanks for your kindness.

Sincerely yours,

(Max Freedom Long)
