Dear Barbara:

Thank you for your good letter of September 14, which Martin and I have read with a great deal of pleasure. It is nice to know that you are finally settled in your new job. I hope the new work will prove interesting and above all challenging.

I note you did considerable travelling this summer and I know what a good time you must have had with Fern and Nancy and all the other folks at the Family-of-God Foundation, as well as with Julie.

When Mother and Daddy drove me to Garden City, Dr. Andler started his career at Battle Creek, Michigan at what was then called the Battle Creek Sanitarium, an institution comparable then to what Mayo's is today. He was a tall boy. He left the next morning on the train for California. Mother and I arrived you left your Lawrence study group in good hands and I hope Dave will be able to carry on as a leader. The had the Newton meeting had to be called off because of Beckley's mother's death, but I am sure another meeting will be arranged this fall when the Myers return from Europe. They will be leaving a week from tomorrow.

So many of our friends have gone abroad this year. In fact, Mr. and Mrs. Hills, and Mr. and Mrs. Hill are there right now.

We have been very busy here this summer—unusually so. I will be seeing Alvin Kulicks tomorrow evening and will extend your greetings to him at that time.

CONFIDENTIAL

Dear Barbara:

Your letter of February 16, which arrived today, is greatly appreciated.

It seems certain at this time that the Summer Study Session will be held on July 26 and 27. Official notice in regard to the session will be sent you within a short time, as all of the details are now in preparation. I just wanted to give you a hint so that your friends can start making arrangements for the care of their children in order to make the trip.

Julia told me that some young men from Kansas was coming to her March 3rd meeting, and I had presumed that it was either Mike or Don. I shall look forward, and so will Martin, to having a visit with these young men when we see them in Chicago this summer.

Who is in charge of the Olathe group? Twelve is a pretty good number for any Study Group.

I'm so glad to have some news about David Jones. I had been wondering about him. I am so happy to learn that he is finally receiving his degree. We haven't seen him for such a long time. Perhaps, he will be able to join us at the Summer Study Session. We expect to have the meeting at a school in Evanston, Illinois, where a "dorm" will be available at a very reasonable price for room and board.

Martin is home today fighting a cold, but I think he will be all right by next Monday to go back to work. We are keeping him busy too.

We have sent the Skarin book with the three concentric circles on the blue cover to our attorneys and they will tell us if there is any infringement on our copyright by its use. I doubt if we would ever be able to locate Ms. Skarin.

Mark Kuliaka, brother of Lynn and a son of Warren Kuliaka, is starting to work in the URANTIA Foundation as of today; Our first step in starting to recruit younger members to take up the burden of the Foundation, and I hope we will have someone to train for the Brotherhood end of the URANTIA movement. We must get these young people ready when we elders are no longer able to carry on here.

Affectionately,

ELC:kfm

Dear Barbara:

I am delighted to have your assurance that you will find out what you can about Annaloe Sharin's "Book of Books." We discussed this matter in a Foundation Meeting last Saturday, so the Trustees are eagerly awaiting some information about the book so that we may obtain the book and note the symbol which Miss Sharin has been using.

This has been a most busy office recently. Last month we sent out almost 800 books and October isn't going to be any easier.

Give my regards to your folks when you write them.

Affectionately,

KLC:kfm
