A HISTORY OF THE URANTIA MOVEMENT

2—Word Slide

"The true perspective of any reality problem—human or divine, terrestrial or cosmic—can be had only by the full and unprejudiced study and correlation of three phases of universe reality: origin, history and destiny. The proper understanding of these three experiential realities affords the basis for a wise estimate of the current status."

ORIGIN

Five Epochal Revelations

4—Galaxy

Among the countless stations of time and space, our world, Urantia,

5—Galaxy

is a seemingly insignificant little planet moving about the periphery of the Grand Universe.

6—Starry Universe

We are a mere speck in a vast universe of universes spanning millions of light years and

7—Central Universe

encircling the enshrouded Central Universe.

8—Planet

Nevertheless, we are told in *The URANTIA Book* that our world is "precisely administered and lovingly fostered" by numerous celestial beings,

9—Large Planet

and that we have received

10—Hurricane

five epochal revelations of truth as part of the celestial plan of evolution.

Pause

11—Lily Pads

On our experimental world, human history began a million years ago with the early evolution of human will. The "romance of biologic struggle" culminated in "man's ascent from seaweed

12—Painting of Man

to the lordship of earthly creation." Mortal man made little spiritual progress and

13—Moon

generally languished in cultural darkness for 500,000 years until the first epochal revelation occurred with the arrival of the Planetary Prince and his staff.

14—Map

The Prince, Caligastia, made his headquarters at the headwaters of the Persian Gulf

15—Dalamatia

and established the city of Dalamatia almost 500,000 years ago. For 300,000 years,

16—Indonesian?

the light of truth as well as the arts and culture of Dalamatia radiated outward

- 17—*Primitive Man* to all races of man. All too soon, however, most of the benefits of this first revelation
- 18—*Fighting Man* were swept away in the confusion of the
- 19—*Lightning* Lucifer Rebellion and the Caligastia Betrayal.
- 20—*Lightning* *Pause 5 seconds*
- 21—*Stone Statues in Persia* There occurred a departure from the normal evolutionary plans, and while there temporarily appeared an illusion of progress,
- 22—*Volcano* the long term effect was to plunge the planet into darkness for many thousands of years.
- 23—*Map* Van and Amadon, at their headquarters near the Caspian Sea, kept alive the traditions of Dalamatia for over 150,000 years—
- 24—*Garden* until the second bestowal of truth to our planet—the Adamic bestowal.
- 25—*Rose* Once again truth and culture began to flower on our world, centered this time in the
- 26—*Hawaii* Garden of Eden at the eastern end of the Mediterranean Sea, described in *The URANTIA Book* as "the most beautiful natural creation that Urantia has ever harbored."
- 27—*Creation* Adam and Eve were sent not only to advance mortals spiritually and culturally, but also
- 28—*Racial Collage* to follow a program of biologic upliftment for all races. Again the gains were short-lived because of the tragic default of Adam and Eve—
- 29—*Leaving Garden* just a little more than 100 years after their arrival.
- 30—*Cave Painting* The two made some valuable contributions to world advancement;
- 31—*Stones* however, their disheartening misstep once again confounded and confused our world.
- 32—*Cascades* The mortal races now labored under a double deprivation. The gradual deterioration
- 33—*Seacoast* of the Adamic culture continued for the next 30,000 years.
Pause 2 seconds
- 34—*Sumerians* The concept of one God was well-nigh extinguished when approximately 4000 years ago,
- 35—*Map* Machiventa Melchizedek made an emergency bestowal, the third revelation of truth to our distraught world.
- 36—*Teacher-Persepolis* Melchizedek taught and trained his missionaries for 94 years and they courageously carried his message of the one God across the Eurasian continent,
- 37—*Hindu temple-Thailand* resulting in a tremendous advancement of truth throughout the Eastern Hemisphere.

- 38—*Buddha* Although their main mission was only partially successful, the teachings of these missionaries were sufficiently powerful
- 39—*Ikhnaton* to provide the stimulus for the origin of many of the world's religions. Most important,
- 40—*Moses* Melchizedek's mission prepared the soil for the Fourth and climactic revelation of truth to the people of Urantia.
- 41—*Jesus-profile* Two thousand years ago, the sovereign of our local universe, Michael of Nebadon, lived a normal life in the flesh as Jesus of Nazareth.
- 42—*Jesus-youngman* In the short 36-year span of his life, an entire universe witnessed the spectacle of man seeking God and God seeking man unified in the human-divine personality of Jesus.
- 43—*Jesus & apostles* His mission was for all worlds in his universe, revealing in himself "the way, the truth, and the life."
- 44—*Ben Hur* Jesus raised the concept of truth on our own world to a vastly higher level with his teachings of the Fatherhood of God and the brotherhood of man.
- 45—*Keys* Tremendous spiritual progress has resulted from the bestowal of Jesus. However, soon after his crucifixion and ascension,
- 46—*Saints* his life-giving teachings were so diluted and compromised as to lose much of their savor.
- 47—*Inside Cathedral* We are told in *The URANTIA Book* that,
- "The teachings of Jesus, even though greatly modified, survived the mystery cults of their birthtime, the ignorance and superstition of the dark ages,
- 48—*Sugar Loaf* and are even now slowly triumphing over the materialism, mechanism, and secularism of the twentieth century.
- 49—*Stained Glass* And such times of great testing and threatened defeat are always times of great revelation."
- Pause 2 seconds*
- 50—*Air Force Academy* Once again, the the twentieth century after Christ, our world was ripe for a revelation of epochal proportions—*The URANTIA Book*.
- 51—*Book* This latest revelation consists of 196 papers, spans 2000 pages, and is authored by various celestial personalities from the planetary, local universe, and superuniverse levels.
- 52—*Chartres* All prior revelations have included the material bestowal of superhuman personalities—everdivine.
- 53—*Open Book* This revelation is in book form. We do not know why. No doubt the celestial authorities have many good reasons.

- 54—*George?* Perhaps it is simply in keeping with the character of the times. It is just 500 years since the invention of the printing press.
- 55—*Book shelves* Only in the last century has a major portion of the world become literate.
- 56—*Library of Congress* Libraries, book-selling and distribution, travel and communication, have just recently advanced to a point where a book of truth could effectively penetrate most world cultures.
- 57—*Mountain Pool* The origin of the fifth epochal revelation is the history of our planet and the previous four revelations;
- 58—*Lily Pads* they all collectively gave birth to the fifth. The four revelations
- 59—*Rock Moss* of truth which preceded the fifth had each been attenuated or effaced by betrayal, impatience, and ignorance.
- 60—*Stonehenge-1* Evolution working with revelation was the historical context
- 61—*Stonehenge-2* out of which the fifth epochal revelation was born, and
- 62—*Stonehenge-3* into which it is now sent to stimulate spiritual and cultural advancement.
- 63—*Norway-1* In an effort to "expand cosmic consciousness and enhance spiritual perception," the fifth epochal revelation provides a recital of the previous four revelation, as well as presenting new truths.
- 64—*Norway-2* One of its most vital purposes is to provide illumination of the real nature of the life and teachings of Jesus. "Of all human knowledge..." (?????)
- 65—*Matterhorn-distant* "A new and fuller revelation of the religion of Jesus is destined to conquer an empire of materialistic secularism and to overthrow a world sway of mechanistic naturalism.
- 66—*Matterhorn-lighten* Urantia is now quivering on the very brink of one of its most amazing and enthralling epochs of social readjustment, moral quickening, and spiritual enlightenment."

**Part II
HISTORY
Early Days**

- 68—*Peach flowers* Revelatory truth is bestowed by the hand of God—but it must be nurtured in the fallible hands of mortal man.

- 69—*Iris* *The URANTIA Book* came from the spirit, through the flesh, to the printed page. No human being endorses it; no human source is claimed.
- 70—*Lily* "Revelation is validated only by human experience." If its teachings are to be verified at all, such affirmation must come via the Spirit of Truth within you.
- 71—*Chessboard-1* The celestial overseers do all in their power to engineer advantageous circumstances for the spawning of revelatory truth.
- 72—*Chessboard-2* We know from *The URANTIA Book* itself how carefully previous revelations of truth have been planned.
- 73—*Caravan-distant* Not only timing, but location, culture, traffic, specific human personalities and many other factors have been carefully considered.
- 74—*Caravan-closer* For Prince Caligastia's staff, Adjuster guidance coordinated the convergence upon Dalamatia
- 75—*Caravan-close* of one hundred superior human beings from various and distant parts of the planet.
- 76—*Big Sur* Van's volunteers spent three years determining the location of the Garden of Eden for the Adamic bestowal.
- 77—*Hebron vase* Human families embodying the potentials of leadership were carefully observed before Machiventa Melchizedek chose Palestine and the family of Abraham.
- 78—*Family-Rembrandt* The world was searched for suitable families in which Jesus could be born.
- 79—*Gabriel* (From three possibilities, Gabriel selected Joseph and Mary.)
- 80—*World Map* We don't know what research and techniques were used in selecting the timing, the site and the human resources for the inauguration of *The URANTIA Book*.
- 81—*North America* No doubt celestial analysis and painstaking care and coordination went into the effort as was done in prior times.
- 82—*Chicago-1* What we do know is that the language used was English, that Chicago was "the city of this visitation,"
- 83—*Chicago-2* and that the roots of the transmission of *The URANTIA Book* reach back to the early parts of the twentieth century.
- 84—*Chicago-3* The Revelatory Commission functioned through a human contact personality whose identity will remain forever in obscurity,
- 85—*Peter and Paul* because, as *The URANTIA Book* states, "Mortal man is so prone to venerate, even to deify, his extraordinary compatriots and superhuman superiors."
- Pause 2 seconds*
- 86—*Chicago-4* A handful of people formed the contact group which acted as the liaison between the Revelatory Commission and a larger group known as the Forum.

- 87—Chicago-5 (Both the contact group and the Forum pledged to observe certain rules of secrecy for the duration of their lives.)
- 88—WSS The leader of the contact group was Dr. William S. Sadler, a physician and psychiatrist who lived and practiced at
- 89—533-old 533 Diversey Parkway in the mid-north area of Chicago. Dr. Sadler was also a professor, lecturer, and author.
- 90—Program In the 1920's he led a group of friends and associates who met at his home every Sunday afternoon to study and discuss various scientific, philosophic and religious topics. It was therefore a natural evolutionary step
- 91—Lena when the transition was made from the study of those topics to the contemplation of other truths of epochal significance. These truth-seekers posed many questions as the revelation took shape.
- 92—533-Front Thus it came to pass that the Forum participated in the development of the URANTIA Papers and helped to foster these URANTIA teachings in their infancy. We do not know the details of this process. We know that the truth-seeking of the Forum was somehow involved, but the Forum did not write the papers.
- 93—533-Entry In 1934 and 1935, Parts I-III of *The URANTIA Book* were indited and put in the English language by a technique unknown to us. The papers were authored by superhuman personalities, whose authorship is identified in the Contents of the Book.
- 94—Chicago-6 Any spreading of interest during the Forum days occurred quietly and confidentially among relatives and close friends.
- 95—Chicago-7 Members of the contact group and the Forum pledged not to discuss the content of the papers outside of the Forum
- 96—Dust Jacket-Front until such time as they would be published. They also pledged not to discuss the human subject or details of any aspects concerning the transmission of the papers. The identity of the human subject was never revealed.
- 97—Dust Jacket-Back Members of the Forum did not know who the human subject was; only the contact group knew, and they never revealed it. All that can be known about the origin of *The URANTIA Book* is presented by the revelators in the book itself.
- 98—Clock-3:00 Meetings were held every Sunday afternoon from 3:00 to 5:00.
- 99—Room-front Papers were read aloud by a leader and then discussed by the group. Papers could only be read on
- 100—Room-back the premises of 533 through all the years prior to 1955. Members of the Forum attended each week year after year.
- 101—Room-side Some dropped away. Many did not stand the test of time.
- 102—Room-hall In all, approximately 300 people came in contact with the URANTIA Papers prior to 1955.

- 103—*Fireplace* A group of dedicated students known as "The Seventy" participated in a weekday evening class for intensive study of the Papers from 1939 until the book was published.
- 104—*Ruth, Bill, Christy* *Pause*
- 105—*Rawsons, Borns, Jones* Little is recorded either in words or pictures of these early days. The people of the Forum served quietly through the vital incubation period of the URANTIA Papers.
- 106—*Hales-inside* (A subtle process of growth and evolution was at work. There was much social closeness arising out of the unique situation of this group.)
- 107—*Hales-picnic* What survives in pictures from those days are predominantly photographs of the picnics which were held at least once a year.
- 108—*Leone, etc.* The picnics could perhaps be regarded as the precursors of our current day conferences.
- 109—*Ticky, etc.* *Pause 10 seconds*
- 110—*Typesetter* The year 1941 saw an exciting forward step when a contract was entered into for the typesetting of *The URANTIA Book*. The typesetting and proofreading continued for nearly a decade.
- 111—*WSS* It was foreseen that organization would be needed to foster the spread of the URANTIA teachings once the book was published.
- 112—*Bill* Research on the form of organizations continued for many years and included an examination of religious and social organizations as well as consultation with attorneys.
- 113—*Christy* Ultimately the format for the URANTIA organizations closely paralleled their progenitors.
- 114—*533-Entry* URANTIA Foundation became heir to the contact group while sometime later URANTIA Brotherhood was born out of the Forum.
- 115—*Cemetery* Through these vital formative years, the outside world was reaping "the dire harvest of materialism and secularism."
- 116—*Crowd* "The human race must become reconciled to a] procession of changes, adjustments, and readjustments. Mankind is on the march toward a new and unrevealed planetary destiny."
- 117—*Word Slide*
- The Public Dissemination of the
Fifth Epochal Revelation**
- 118—*Water through rock* Think not that the Fifth Epochal Revelation was bestowed "suddenly and spectacularly as an earthquake tears chasms into the rocks."

- 119—*Waterfall* The evolutionary process is like a river:
- 120—*Stream* tiny rivulets trickle together to form streams which join one by one to form a broad-flowing river.
- 121—*River* Many years of preparation resulted in the public establishment and dissemination of the URANTIA Papers in the 1950s.
- 122—*Calendar & Declaration* Under the guidance of the Revelatory Commission, URANTIA Foundation was formed by anonymous contributors on January 11, 1950. The Declaration of Trust was signed by the original five trustees—
- 123—*Bill Hales* William M. Hales, the first President, William S. Sadler, Jr., Wilfred C. Kellogg, Emma L. Christensen, and Edith E. Cook. William M. Hales served a president
- 124—*Tom Kendall* until 1973 when he was succeeded by Thomas A. Kendall,
- 124A—*Martin Myers* who was succeeded in 1984 by Martin W. Myers.
- 125—*Foundation-nameplate* URANTIA Foundation is intended to act as a shield for the Revelation.
- 126—*Word Slide-1* It was charged "to perpetually preserve inviolate the text of *The URANTIA Book*," including any translations and derivative works,
- 127—*Word Slide-2* and to "disseminate the principles, teachings and doctrines of *The URANTIA Book*." The copyright to *The URANTIA Book* and
- 128—*Marks* the registered marks URANTIA and the Concentric-circlesSymbol are important legal defences for the preservation of the text and the dissemination of the teachings.
- 129—*Hands* Hand in hand with legal authority, support and friendship from many readers is essential. From the few hundred Forum members, URANTIA Foundation obtained funds
- 130—*Arrangement of Books* for the printing of 10,000 copies of *The URANTIA Book*.
- 131—*Typesetting* On January 2, 1955, the Trustees signed and announced their
- 132/133—*Printing Press* "Declaration of Intention to print *The URANTIA Book*."
- 134—*Donnelley* R. R. Donnelley & Sons Company manufactured the book at their Crawfordsville, Indiana plant.
- 135—*Bill* On Wednesday, October 12, 1955, the momentous transaction took place—the publication of the Fifth Epochal Revelation. Many years of waiting
- 136—*Chicago-8* were over for the Forum members. At last they could read *The URANTIA Book* anywhere and anytime they chose.
- 137—*Tom Kendall* The day made a lasting impression on many people. It has been described by those present as a "thrilling" and "awesome" moment.
- 138—*Dave* Another said, "I still remember men excitedly leaving the building with boxes of books carried on their heads."

- 139—*Hallway* One woman recalls mixed feelings including "sadness." She said, "I felt that an era was ending and none of us knew what we were facing."
- Pause 5 seconds*
- 140—*Calendar & book* Until the time of its publication, *The URANTIA Book* had been under the guidance of the Revelatory Commission. While celestial interest in the project certainly continues, the special contact maintained during the early years no longer exists.
- 141—*Calendar & Constitution* URANTIA Brotherhood was formed nine months before *The URANTIA Book* was published, on January 2, 1955.
- 142—*Constitution—signing page* 36 members comprising the original General Council met and signed the Constitution inaugurating the organization concerned with the study and dissemination of the URANTIA teaching to the world.
- 143—*Ruth & Dorothy* The social organization of URANTIA Brotherhood is not to be confused with the kingdom of heaven or the spiritual brotherhood of men.
- 144—*Hands with folder* It is a human organization, a human association of religionists.
- 145—*Tony* Urantia Brotherhood Corporation, formed October 1, 1956, is the fiscal agent of the Brotherhood and the
- 146—*Helen* distributor of *The URANTIA Book* for URANTIA Foundation.
- 147—*WSS* The flavor of the times is provided in a publication of the period which said:
- "Already numerous problems have presented themselves, from obtaining stationery and record books to the matter of granting charters to URANTIA Societies, and though we are
- 148—*Marian* one in purpose and united in goal, our reasoning on many matters is greatly diversified. We are learning the inestimable value of group thinking."
- 149—*WSS*
- 150—*Gavel* Since the founding of URANTIA Brotherhood, the organization has functioned under the leadership of nine different presidents.
- 151—*Bill* William S. Sadler Jr. was elected the first President of URANTIA Brotherhood on January 2, 1955 and served one term.
- 152—*Warren* Warren H. Kulieke was next elected and served until his death in 1962.
- 153—*Jim* James C. Mills served a short term as Acting President.
- 154—*Christy* Emma L. Christensen served a full term from 1963 to 1967 and again for a few months as Acting President in 1973.
- 155—*Alvin* Alvin L. Kulieke came to office in 1967 and served until his death in 1973.

- 156—*Paul* Paul Snider served one term from 1973 to 1976, and
- 157—*Meredith* Meredith J. Sprunger served one term from 1976 to 1979.
- 158—*John* John Hales was elected in 1979 and served two terms, being succeeded
- 158A—*Dave* in 1985 by David N. Elders, who is the current President of URANTIA Brotherhood.
- 159—*Chart-#1-top* The Brotherhood was designed as a representative body. Its individual building blocks were to be largely autonomous URANTIA Societies which elect delegates every three years to a Triennial Delegate Assembly.
- 160—*Chart-#2* These delegates elect members to the General Council—the governing body of URANTIA Brotherhood.
- 161—*Chart-middle* In turn, the General Council elects members from its ranks to serve on an Executive Committee as well as electing members to the nine standing Committees which carry out the manifold objectives of the Brotherhood.
- 162—*Executive Committee* These nine committees are: Judicial, Charter, Fraternal Relations, Domestic Extension, International Fellowship, Education, Publications, Finance, and Special Projects.
- 163—*1979 General Council* (Committee chairmen must be members of the General Council. The remaining committee positions can be filled by a member in good standing of the Brotherhood.)
- 164—*Christy & group* The selection of the first General Council was of necessity a "bootstrap" operation.
- 165—*Alvin & group* From the Seventy, 36 were selected to serve for the first nine years of the Brotherhood.
- 166—*Charter* The First URANTIA Society, consisting primarily of long-standing Forum members, was installed in Chicago at 533 Diversey Parkway on June 17, 1956.
- 167—*Map of Societies* There are currently four societies in the Chicago area and two in the Los Angeles area. Other Societies are located in Fort Wayne, Indiana; Central Connecticut; Oklahoma City; Dallas; Houston; Denver; San Francisco; Wenatchee, Washington; and Anchorage, Alaska.
- 168—*Denver* The societies are the fundamental organizational units of URANTIA Brotherhood.
- 169—*Wenatchee* They have begun to provide regional leadership wherever they have been established.
- 170—*Connecticut* The societies will be increasingly looked to as an anchor and focus of regional grassroots activities.
- 171—*Irene* Dedicated individual readers and small study groups have always preceded the formation of Societies.
- 172—*Hawaii* Experience at the small group and Society level is important for the training of leaders and teachers.

- 173—*First TDA* There were five Societies functioning when the First Triennial Delegate Assembly met in 1964.
- 174—*First TDA* For this one and only time, the delegates elected all 36 members of the General Council.
- 175—*Third TDA* Terms were staggered so that all subsequent assemblies would elect one-third of the General Council.
- 176—*Last TDA* Triennial Delegate Assemblies have been held every three years since 1964.
- 177—*Chart-1* The first decade witnessed gradual growth. Only about 50 URANTIA Books per month were sold or otherwise distributed in the first ten years. Only five societies were established. There were hardly a score of study groups meeting.
- 178—*School books* A URANTIA Brotherhood School had functioned for some years in Chicago, but did not operate nationwide.
- 179—*555-63* The mid and late sixties brought change and more rapid growth. Starting in 1963, Summer Study Sessions were held at 533. For a couple to days each year,
- 180—*Summer Study Session* approximately 100 student from around the nation had an opportunity to study and fellowship together. Six Summer Study Sessions were held from 1963 to 1972.
- 181—*Chart-2* In 1966, sales of *The URANTIA Book* began to climb dramatically. Around 700 books were sold that year. By 1973, the figure was almost 10,000 per year where it has plateaued once again. Many study groups sprang into being. Several more societies were chartered.
- 182—*Group in front of 533* The growth necessitated several adjustments which began early in the 1970s and persist in the current day.
- 183—*Berkeley, etc.* There has occurred an increasingly intricate networking of individuals and groups.
- 184—*Covers* One of the chief avenues for fellowship has been the conferences, both regional and general.
- 185—*Kent* When 533 Diversey Parkway was outgrown, a Summer Study Session was held in 1974 at Kendall College in Evanston, Illinois and attracted 300 people.
- 186—*??* In 1975, 400 students to *The URANTIA Book* attended the first General Conference of URANTIA Brotherhood at Kendall College.
- 187—*Covers* In addition, URANTIA Societies hosted large conferences in
- 188—*Los Angeles* Los Angeles in 1973 and in Oklahoma in 1976.
- 189—*Covers* Regional conferences began to proliferate and are now regularly held in every part of the United States as well as several Canadian provinces. Recently, conferences have been held in Australia, England, and France.
- 190—*Lake Geneva* In 1978, a larger General Conference took place at George Williams College, Lake Geneva, Wisconsin.

- 191—*Geneva-Julia* Six hundred people were present for a varied week-long program.
- 192—*Colorado* In 1981, the General Conference was held at Snowmass, Colorado.
- 192A—*Green Lake* The 1984 General Conference was held at American Baptist Assembly, Green Lake, Wisconsin.
- 192B—*Bowdoin* Bowdoin College in Brunswick, Maine is the site of the 1987 General Conference. Concurrent with the spread of conference activities,
- 193—*Newsletters* newsletters began to proliferate. Three publications now emanate from headquarters—*URANTIA Brotherhood Bulletin*, *The URANTIAN Journal of URANTIA Brotherhood*, and *URANTIAN News from URANTIA Foundation*.
- 194—*Regional news* Over a dozen regionally sponsored periodicals issue from all parts of the country.
- 195—*Regional news* *The Agondonter* was the first of the regional newsletters having started in the early sixties with a movement-side scope. Although *The Agondonter* is no longer published, a number of others, started in the seventies and eighties continue to be printed.
- 196—*Minneapolis* One of the most important developments of the 1970s was the rapid multiplication of study groups.
- 197—*Indianapolis?* Estimated numbers range from 200-300 groups world-wide.
- 198—*Chicago?* The study group is the fundamental unit for the conservation and socialization of the URANTIA teachings.
- 199—*Anne* A small office staff has services the day to day matters in the Brotherhood-Foundation office
- 200—*Leone?* for many years. In the early days, it was entirely volunteer.
- 201—*Gloriann* A few salaried employees have been added. These workers currently
- 202—*Collage* answer several thousand letters and inquiries each year, greet several hundred visitors annually,
- 203—*John & Marian* send out approximately 10,000 URANTIA Books, as well as perform numerous other administrative duties.
- 204—*Picadilly* Believing that healthy growth lies in a person-to-person dissemination of the URANTIA teachings, it has been the policy not to advertise *The URANTIA Book*.
- 205—*Fireworks-1* In addition, an important concert of Brotherhood and Foundation leadership has been to prevent or curtail publicity
- 206—*Fireworks-2* and sensationalism from being attached to the URANTIA teachings or the URANTIA movement.
- 207—*All Trustees* Through its first 30 years, URANTIA Foundation has maintained an attitude of vigilance with regard to the text of *The URANTIA Book*. It has entered several legal contests to protect

- the copyright to *The URANTIA Book* and the registered mark URANTIA,
- 208—*Martin?* and has thus far emerged successfully. Many ongoing legal concerns and complexities regularly demand the Trustees' attention.
- 209—*Lake Forest-1* URANTIA Brotherhood continues to expand its activities of study and dissemination. The nine standing committees
- 210—? are engaging in more energetic programs and frequently working in concert with one another.
- 211—*Lake Forest-2* The URANTIA movement is beginning to fill out the Constitutional structure of the Brotherhood.
- Pause 4 seconds*
- 212—*Parliament* International spread of the URANTIA teachings started almost immediately after publication of *The URANTIA Book* with the donation
- 213—*British book store* in 1956 of 100 books to various libraries outside the United States by the International Fellowship Committee (then named the Foreign Extension Committee).
- 214—*Vancouver* The recipients were five English-speaking countries of the world: Canada, Australia,
- 215—*Trafalgar Square* Great Britain, South Africa, and New Zealand.
- 216—*Open House* Over the past 25 years, the foreign sale and distribution of *The URANTIA Book* has generally been heaviest among these countries.
- 217—*Eiffel Tower* Many other donations of books, by URANTIA Brotherhood, URANTIA Foundation,
- 218—*Windmill* as well as by individual readers, have over the years helped to place the book
- 219—*China* in more than 100 nations and territories of the world.
- 220—*India* More than 5000 copies of *The URANTIA Book* are in lands outside the United States.
- 221—*Holland* Pockets of readers have arisen and study group activity has occurred in a number of
- 222—*France* non-English-speaking areas including Finland; France; Belgium; Quebec, Canada; the Netherlands;
- 223—*Colombia* Italy; India; and Colombia. A study group in Helsinki,
- 224—*Finland* Finland has been studying *The URANTIA Book* the past fifteen years and the group's activity has
- 225—*Finns* included steady work on a Finnish translation of *The URANTIA Book* in cooperation with URANTIA Foundation.
- 226—*Alain group* A French translation of *The URANTIA Book* was published in 1962 under the aegis of URANTIA Foundation;

- 227—Group #2 however, due to a court action by URANTIA Foundation against the translator-publisher for enforcement of the terms of their contract.
- 228—Henry the work became unavailable in the early 1970s. In 1981 (?????) this translation was republished as *Le Livre d'URANTIA*.
- 229—St. Laurents In spite of the interruption of publication, French-speaking students continued to study and grow, form groups and interest new people in the URANTIA teachings.
- 230—Quebec group There are several regular French-speaking groups in France, Belgium, and Quebec, Canada.
- 230A—? In 1986 URANTIA Foundation entered into a contract with EurAmerica Translators for translation of the text of the book into Spanish. Publication of the Spanish translation is projected for 1988.
- 231—Conrad While international growth in the first 25 years has been modest, the destiny of the URANTIA movement lies in the dissemination of the
- 232—Pedro URANTIA teachings to all peoples and to all nations of our spiritually beleaguered planet.
- 233—Mosque "All Urantia is waiting for the proclamation of the ennobling message of Michael,
- 234—Spain-cross unencumbered by the accumulated doctrines and dogmas of nineteen centuries of contact with the religions of
- 235—Monks evolutionary origin. The hour is striking for presenting to Buddhism, to Christianity,
- 236—Hindu temple to Hinduism, even to the peoples of all faiths,
- 237—Mosque not the gospel about Jesus, but the living, spiritual reality
- 238—Tor of the gospel of Jesus."

**Part III
DESTINY**

- 240—Candle "It is forever true: the past is unchangeable; only the future can be changed by the ministry of the present creativity of the inner self."
- 241—Sunrise "The call to the adventure of building a new and transformed human society by means of the spiritual rebirth of Jesus' brotherhood of the kingdom should thrill all who believe in him
- 242—Worship group as men have not been stirred since the days when they walked about on earth as his companions in the flesh."

- 243—*Rainbow* What can we anticipate for *The URANTIA Book* and the URANTIA movement?
- 244—*Grizzly giant* Our revelation is intended to stimulate mortals for the next thousand years.
- 245—*Ruins* We must not circumvent evolution in our haste; nor obstruct it through our sloth like the unfaithful steward.
- 246—*Children* We must form a burgeoning network of study groups.
- 247—*Peking* It is vital to have translations of *The URANTIA Book* available to people of all languages. We must
- 248—*Stone* zealously protect the integrity of the teachings and the book itself, all the while establishing a firm base of love and faith which will withstand adversity.
- 249—*Field* Perceptions concerning the healthy growth and expansion of the URANTIA movement have varied widely.
- 250—*Yellow trees* (At one time, it was thought by some that there would be 10,000 study groups in existence by this time.) Others adjust slowly
- 251—*Winter trees* even to the growth we have experienced. Handling an epochal revelation is new and challenging for everyone.
- 252—*Book* *The URANTIA Book* itself provides a wealth of material on how a revelation may best proceed:
- 253—*Large tree* Van was loyal and courageous, steadfastly maintaining a clear picture of the true purpose of all his efforts.
- 254—*Fossilized tree* "The wise man is able to distinguish between means and ends; otherwise, sometimes overplanning for the future defeats its own high purpose."
- 255—*Fruit* We should strive to be like Van and his later followers, carefully tending the seeds of our teachings now,
- 256—*Wheat* in anticipation of their eventual flowering into the worldwide acceptance of the Fatherhood of God and the Brotherhood of Man.
- 257—*Painting* We may not see the revelation of "life everlasting, incorruptible, and immortal" come with great power. It must be our purpose
- 258—*Himalayas* simply to be true to the highest principle that we know from day to day.
- "The act is ours; the consequences God's."
- 259—*Church & Mountain* What lessons do we learn from Adam and Eve? First, we know that isolation gradually wore down their spirits. Isolation is best avoided whether as individuals or as groups.
- 260—*Afghan Lake* We also know that Adam and Eve would have been successful "had they been more farseeing and *patient*." They did not settle down to the "long, long endurance test."

- 261—*Niagara* We are told that "stagnation is certain death, but that overrapid growth is equally suicidal..."
- 262—*Chagall* Melchizedek's missionaries and the followers of Jesus were partly successful in their efforts. Where their teachings failed,
- 263—*Abstract painting* it was due to the fact that they attempted too much. They became entangled in the "cause of reforming the mores," and "their great mission [was] sidetracked..."
- 264—*Jerusalem* "Jesus chose to establish the kingdom of heaven in the hearts of mankind by natural,
- 265—*Capernaum?* ordinary, difficult, and trying methods, just such procedures as his earth children must subsequently follow in their work
- 266—*Sea of Galilee* of enlarging and extending that heavenly kingdom. For well did the Son of Man know that it would be
- 267—*Sea of Galilee* through much tribulation that many of the children of all ages would enter into the kingdom."
- 268—*Abstract painting* Our work of extending the URANTIA revelation will not always bring peace, but sometimes many joys and sorrows.
- Pause 2 seconds*
- 269—*Waves* The following philosophy of action was suggested during the early years of URANTIA Brotherhood:
- 270—*Sunset* "God is the only true end. Our primary spiritual loyalty and dedication is to the Universal Father, and to Him alone."
- 271—*Sailboat* "The [URANTIA Book] itself is not an end—it is a most important means to an end. It is designed to bring God closer to man and to bring man closer to God."
- 272—*Lighthouse* "The real function of the [URANTIA] Brotherhood is also the function of a means to accomplish a desired end."
- "The Brotherhood is designed to promote the book and the book is designed to bring God and man closer to each other."
- 273—*Sun* "Here we should make a vital distinction between that which *is* value and that which *has* value."
- 274—*Kafka painting* "Not since the Gospel of Jesus has there appeared on earth such a dynamic nucleus about which could be built so many organizations and which would attract so many differently motivated men—good, bad, and indifferent."
- 275—*3 people* "Religion does need new leaders, spiritual men and women who will dare to depend solely on Jesus and his incomparable teachings."

- 276—*People & Church* If Christianity persists in neglecting its spiritual mission while it continues to busy itself with social and material problems, the spiritual renaissance must await the coming of
- 277—*Crowd—Denmark* these new teachers of Jesus' religion who will be exclusively devoted to the spiritual regeneration of men.
- 278—*Crowd—close-up* And then will these spirit-born souls quickly supply the leadership and inspiration requisite for the social, moral, economic, and political reorganization of the world."
- 279—*Vietnamese family* "Future religionists must live out their religion, dedicate themselves to the wholehearted service of the brotherhood of man."
- 280—*Boats on bay* While *The URANTIA Book* lists numerous dangers of institutional religion, it also recognizes that "there is a real purpose in the socialization of religion," and that no religion has thus far succeeded without it.
- 281—*Abstract painting* In the current day, organization is needed to deter other organizations.
- 282—*Generalife??* May we strive to blend the idealism of Abner with the ideism of Paul. In our movement, both must have a place.
- 283—*Afghan girl* A generation has passed since the URANTIA revelation was injected into the stream of humanity.
- 284—*Fossils* It has sometimes met with narrow-mindedness and intolerance; it has been submerged in the doldrums of theologic complacency.
- 285—*Chinese crowd* Best of all, it has slipped quietly into many a far-away place that we have never seen,
- 286—*Kashmir Bus* and found a kindly welcome, and brought back messages of good cheer from unknown friends.
- 287—*2 people over bay* Even so, the fifth epochal revelation is still in its beginnings and we are privileged, if we choose, to play a part in world advancement.
- 288—*Winter stream* "The future is not open to our mortal comprehension, but we will do well to diligently
- 289—*Path—Colorado* study the order, plan, and methods of progression as they were enacted in the earth life of Michael when the Word was made flesh.
- 290—*Capernaum* We are becoming actors in an ensuing episode when the Word is made Book.
- 291—*Italy* Great is the difference in these dispensations of religion, but many are the lessons which can be learned from a study of the former age."
- 292—*Child—pool* "We regard *The URANTIA Book* as a feature of the

- progressive evolution of human society. It is not germane to the spectacular episodes of epochal revolution, even though it may apparently be timed to appear in the wake of one such revolution in human society.
- 293—*United Nations*
The Book belongs to the era immediately to follow the conclusion of the present ideological struggle. That will be the day when men will be willing to seek truth and righteousness.
- 294—*Angry mob*
When the chaos of the present confusion has passed, it will be more readily possible to formulate
- 295—*Children-1*
the cosmos of a new and improved era of human relationships.
- 296—*Children-2*
And it is for this better order of affairs on earth the the Book has been made ready."
- 297—*Hawaii*
"But the publication to the Book has not been postponed to that (possibly) somewhat remote date.
- 298—*Bogota*
An early publication of the Book has been provided so that it may be in hand for the training of leaders and teachers.
- 299—*Paris*
Its presence is also required to engage the attention of persons of means who
- 300—*Manhattan*
may be thus led to provide funds for translations into other languages."
- 301—*Crowd*
"Thousands of study groups must be brought into existence and the Book must be translated into many tongues.
- 302—*Mass of people*
Thus will the Book be in readiness to comfort and enlighten the peoples of many languages when
- 303—*Planet & clouds*
the battle for man's liberty is finally won and the world is once
- 304—*Whole planet*
more made safe for the religion of Jesus and the freedom of mankind."
- 305—*Galaxy*
"Be not discouraged;
human evolution is still in progress, and the revelation of God to the world, in and through Jesus, shall not fail."
