Dear Shermans:

This will acknowledge the receipt of your letter of October 27th, and since we are going to see you in December I will not undertake at this time to discuss its many interesting features.

I had a letter from Harry a week or two ago and was glad to know he was thinking of coming back to Chicago with you. I hope he does.

We are looking forward to having some pleasant visits with you and yours.

With regards from all of us, I am

Sincerely yours,
