Dunhurst Heights

"It was an excuse for a party," claim Gertrude and Eugene Mitchell, 431 E. Merle, and few have as good a reason as they had for their open house Saturday. Just an anniversary to celebrate, but one of a wedding which had taken place June 20, 1925. The Mitchells were marking four decades of "togetherness."

Early arrivals wore their sons, John and Gene, and daughters-in-law, Joan and Ann, with their combined total of eight children from Glenview. Among the 50 others from the Chicago and suburban areas were many who had actually attended the Mitchell wedding at Holy Cross Church.

A buffet supper was included on the agenda, but as Mrs. Mitchell can attest, "ranked second to reminiscing and comparing grandchildren."

IT'S NOT grandchildren, but granddaughter, occupying a part of every conversation at 355 Maurene, the home of Kathy and Charles Struck. Their new found status, a member of the grandparent set, came 11 days ago when Lisa was born to their daughter-in-law and son, Karen and Chuck Struck in Berkeley.

While the couple had been "mom and dad" to dozens of foster children, both rather glowingly admit, "there's something about being a grandparent."

Christenings with comments of "how many" would startle a passer-by, but in the case of Laverne and Charles True, there is a definite sentimental attachment with the "how many." The recent christening of their son, Thomas Alan, also revealed that he was number 16 to wear the white batiste robe made by Laverne's mother, the late Mrs. Helen Wilka, for her grandchildren.

The baptismal service was read by Fr. Raymond Nugent at St. Joseph Church, with close friends, Carol Contine of Franklin Park and Michael Holbrook of Chicago selected as godparents.

Five brothers and sisters joined month-old Thomas, godparents and immediate families at the dinner which culminated the occasion at 728 N. Green.

IF ANYONE should enjoy the prerogative of "back seat driver" we would nominate Linda Miner of South Merle following events of the past weekend. Linda was in Macomb for the state finals of the Jaycee Road-E-O and at banquet time learned she had taken third place in the girls' division based on both written and "behind the wheel" exams.

The weekend, however, wasn't devoted exclusively to driving and road techniques for Linda, as well as the other girls, were housed in a dormitory at Western Illinois University. Girls, statewide, it seems, show the same preferences and an impromptu theatre and pizza party became part of their agenda.

Linda's return on Sunday was just in time for the patio and pool party hosted by parents, Marion and Jim. They entertained in honor of their houseguest, Miss Judy Oestreich of Watertown who is spending the summer months with the Minors before returning to fall semester studies at Wisconsin State University.

DESERVING AND getting sympathy on poor timing were those who hosted special gatherings on Sunday, among them Mary Ellen Westrich, 363 Maurene. The hottest day was selected by Mary Ellen for the bridal shower she had for her sister, Gail Henahan of Chicago. If pink and white stream-

Q. When a secretary is ushering a visitor into her employer's office, what form of introduction does she make when she knows the two men concerned are not acquainted?
A. All she has to do is announce the visitor—"Mr. Garrison." Surely the visitor knows the name of the man he came to see.

ers reached wilting proportions, the parasol remained intact as a cover for gifts from the 18 relatives and friends who attended. The shower menu, however, was a perfect complement to the weather as gallons of pink punch, individual bell-shaped sandwich loaves bedecked in non-wilting flowers and tropical salad were served.

Dorothy Freddo, 674 N. Green, claims both the hottest day and longest day for the party she and Frank gave in recognition of the high school graduation of their son, Bob. Bob, a member of the '65 class at Arlington High, received congratulations from some three dozen people at festivities which began with a two o'clock dinner.

Along with relatives from Niles, Buffalo Grove and Island Lake, neighbors and former neighbors, the Hagens and Rozzanos, made up the local set.

THE DAY WAS hot as traumatic for Dale Soderstrom, son of Dorothy and Harvey, 755 N. Green. A game of "pretending to drive" found the vehicle slowly moving down the street, while afternoon fare included a household accident. The 3-year-old is remaining close to home terrain following a rush trip to Holy Family Hospital.

The questions of "can we" and "should we" were answered by "we will" for the party hosted by Nelda and Don Paisley at 567 W. Green. Their 25th anniversary, which fell on Mother's Day, brought with it a surprise party planned by David and Judy. The Paisleys, however, had previously begun preparations for their own party for warmer weather, and the problem was, "would two parties be too much?" They accepted congratulations

New Challenge To Soliciting Ban

Watkins Products Co. became the newest challenger of Wheeling's anti-solicitation ordinance.

Last week the firm deliberately sent a salesman from door-to-door in the village although it had been advised by the police department of the ordinance.

Mrs. Marjorie Shilks, 265 Albert, signed a complaint against the salesman, Merle E. Painter, 54, of Waukegan, after he came to her door.

Painter is charged with uninvited soliciting and trespassing.

UPON HIS arrest, he referred to several court cases which he claimed give legal sanction to his activities in the village.

Field Enterprises, Inc., has a court suit under way challenging the validity of the ordinance. The Chicago American

a second time Saturday from two dozen guests under a gaily lit patio. Drawing the most comments was the buffet centerpiece, the top from last month's wedding cake which had been frozen and saved for the recent festivities.

Don was the recipient of additional good wishes as the dinner menu was a favorite and in observance of his June 19 birth date.

THE TRIP to Sherwood, Ohio made by Gloria and Dick Holland and daughters, Valerie and Denise, turned out better than expected. Declaring a visit to Dick's grandparents a must, vacation days also found Grandmother Renollet a patient in the hospital. Before the return to 313 Fletcher, the Hollands had the good fortune of taking the septuagenarian back to home confines.

A week's vacation, but with it a variety of sites and scenery, was the report to Betty and Harry Harper, South Dennis Road, by son, Harry Jr. Harry accompanied his grandparents, the senior Harpers of Round Lake, and aunt, Lois Harper, to Sioux Falls. Along with visiting friends and sightseeing, the trip homeward was equally as interesting. The Wisconsin Dells was a bonus of sorts with

the amphibian boat trip, the Indian ceremonies and Tommy Bartlett's water show all part of the vacation agenda.

Many will be hoping that Ed Rodriguez, 749 N. Green, is starting a trend with events of last week camping. Ed's trip to Warren Dunes State Park, Mich. was different in that he made it with a co-worker and in the company of five children.

NO MENTION of two dads' cooking was made by the Rodriguez children, Patrick, 6, and Kathy, 4, who found their first camping experience exciting with tales of the big lake, sand and picking apples. But, best of all, was the huge jug of tadpoles, which arrived with Patrick just as "mom," Mary, was ready to receive guests for a meeting of her pinocchio club.

After appropriate appraisal of the marine species, card playing was resumed with Dolores Fecka, first, and Dorothy Soderstrom, low scorer. Other members included Marge Brasch and Shirley Ahler, while welcomed in were Eleanor Starke and Barbara Vandelayster. The club has reorganized since their annual gala last month at Old Orchard Country Club, held in conjunction with a farewell to one of their "originals," Ida Corey. (W)

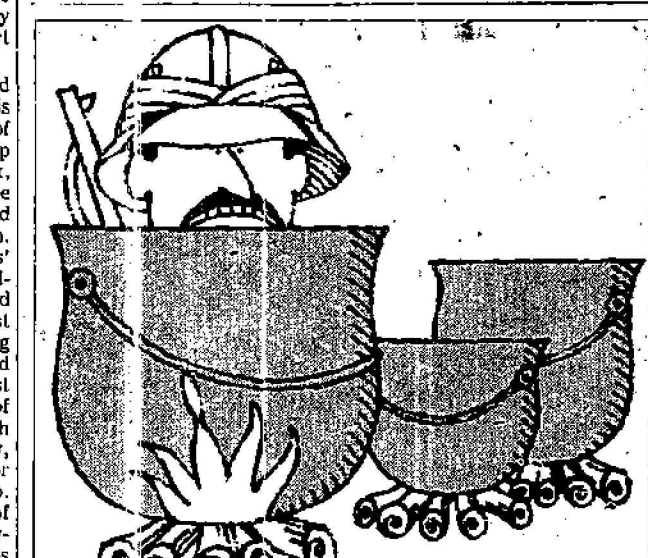

Newspaper has already received a court injunction allowing it to solicit subscriptions in the village. The injunction was based on constitutional "freedom of the press" rights.

to come in an agreement on reapportionment. Gill said the bill pending before the legislature would raise school aid from the \$327 per child previously voted to \$354.

Gill Urges Letters on School Aid

Members of the Wheeling-Buffalo Grove School Board were urged by School Supt. Kenneth Gill to write their state legislators or passage of a bill which would further raise the level of state school aid, and

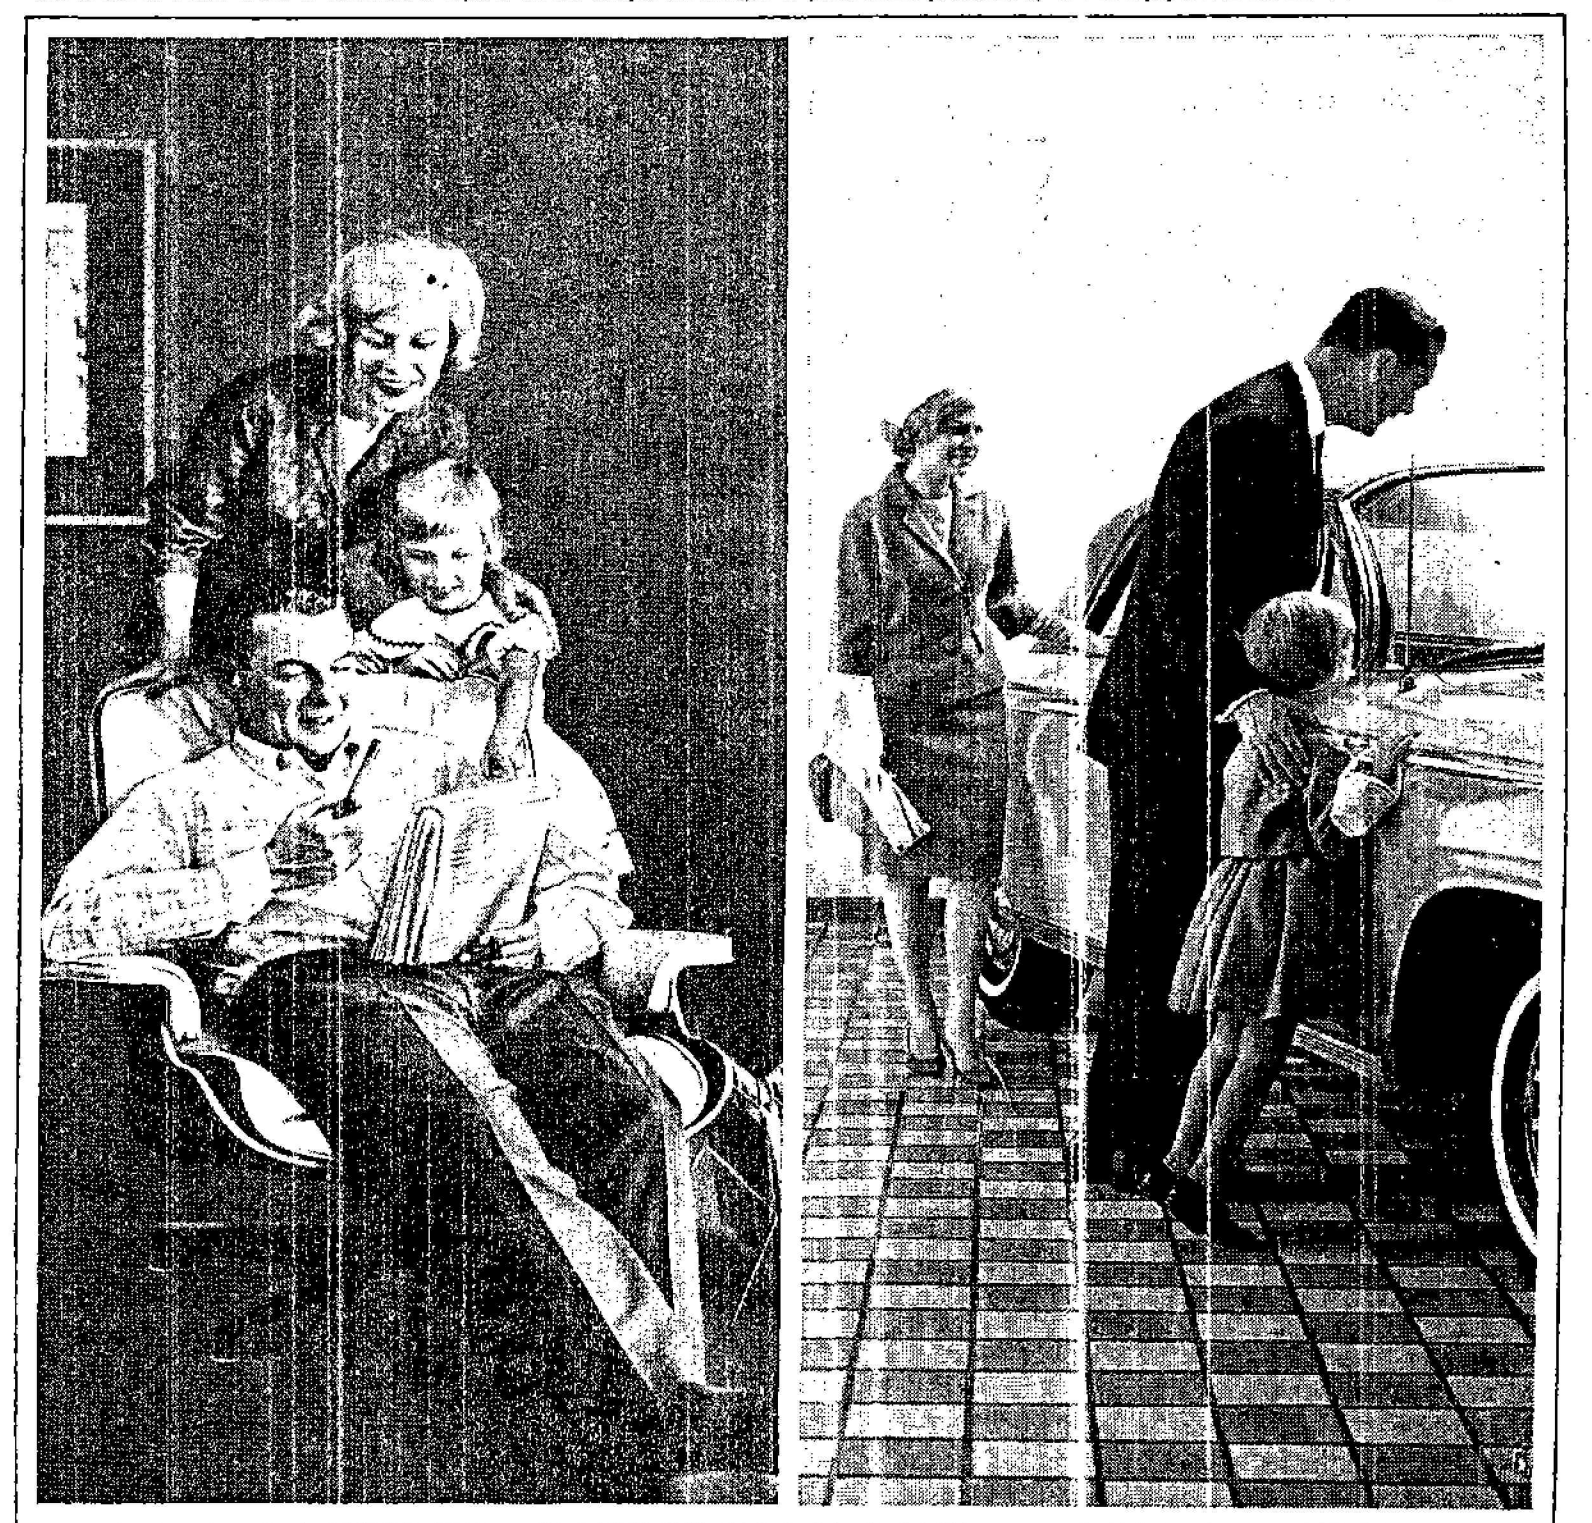

It will be necessary to "really put the pressure on" the state legislators to handle the "log jam" of bills pending in a "sensible matter" before the legislature adjourns in a few days, he said.

This is one of a new series of informative reports on the unique advantages of print media presented by this newspaper and the Print Advertising Association.

DON'T YOU READ BEFORE YOU BUY?

Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features... designs... and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping. People read an ad because they want to (it's never forced on them). They can even check back later; the message is still there. When you add it all up, print advertising—

he kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of consumers, print makes sales. Most people read and then buy. Don't you?
