Dear Dr. Sprunger -

There have
been many remarks about
the fine way in which you
conducted the Chicago
Wreathia meeting. We all
enjoyed the stimulating
discussion.

Working at Northwestern University
where I come in contact
with some of the students,
two with whom I have
talked about religion, filled
out the interest forms such

as you use at Culver -
I hope they will show an
interest in our new Evanston
Study Group.

We have started with the
study of Thought Adjusters
but are interested in
using your condensed
form of the Wreathia Book
which Ruth Burton showed
us.

Will you be able to spare
20 to 25 copies? If so
let me know how much
more money to send -

Thanking you -
Sincerely

(Mrs L.R.) Ruth E. Penn
