

Holiday Greetings
from
Julia K. Fenderson

Dear Charles

This check is meant to help you enjoy the holidays.

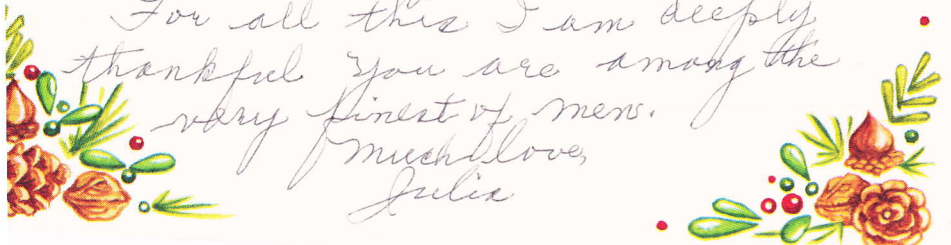

Far more important, I want you to know what our friendship means to me: our shared personal philosophy and your faithful support during a most difficult period of my long life has been immeasurable.

You have been a faithful and staunch adviser and patient in all trying times. Actually you have been more than any family member could be.

Also we have shared some seemingly magic moments in music and appreciation, too.

For all this I am deeply thankful you are among the very finest of men.

Much love,
Julia

Charles

Thank you for a lovely
surprise this evening. I love
trees in bloom and that was
truly the most beautiful
street I have ever seen, and
in my favorite color of violet.

You are a thoughtful
kindly friend and made my
day one of joy and appreciation.

Love to you.

That was a time to remember
Julia

isn't it?

Charles,

On the "service score"
comfort yourself, as I do,
that each day we are
in some way "serving" the
U. S. movement as well
as mankind.

Calls and letters come
daily for some kind of
help - witness Polly's request!
We spend time collecting,
choosing and following
through on these requests.

You mail and help. Then
you put out the Monitor
which is a prayerful
effort to serve the readers.

Love

Julia

In Appreciation

Dear Charles,

This check is in appreciation for the many extra things you did to help make me comfortable during this illness.

It is the amount of your round trip ticket to Nashville, Tennessee for Christmas. We hope this brings you and your family great happiness.

It is from my two sons and me as we all deeply appreciate your special efforts during a very difficult time.

With love and appreciation

Charles,

I am praying for you tonight. Hoping that the angels will comfort you and give you peace and direction with and through your thought adjustment. I pray that interaction with Ron and Chris and others will help sort things out.

Remember we all love you but most important your T. A. (our Father) loves you

Dear Charles,

One of Julia Fenderson's last requests was that a sum of money be given to you as a thank-you for the many kindnesses and services which you performed for her. She was deeply grateful for the many times which you helped her, as well as for the love which you expressed for her.

She asked that you receive \$2,000 from the money left in her estate, and a check for that amount is enclosed. I am very pleased to be able to honor her request, as I also deeply appreciate the assistance and companionship which you gave to her. You two were good friends for a number of years, and she greatly respected the advice and aid which you gave.

I hope things are going well for you.

Sincerely,

Martin W. Early, Executor
