

July 19, 1979

Dear Clyde:

I was shocked and saddened to receive the news from you of your wife's death on June 28.

When my wife and I visited you in May 1973, we were both most impressed with your wife, as well as your own good self. We remarked that you had enjoyed a long and beneficial relationship - one of the pleasures on this world of Urantia.

I thank you for sending me a program of the REMEMBRANCE SERVICE FOR FLORENCE BEDELL, and for inviting me to attend the ceremonies. If distances were only shorter, and I could get around the earth's surface more readily, I would have tried to come.

(X) As a point of interest, I should like to know something about the Family of God Foundation. I don't believe it is listed in standard lists of the denominations.

Mrs. Brown and I completed our move to Florence, South Carolina without untoward incident.

With best wishes for your continued health and happiness.

Sincerely,

George C. Brown
