Dear Mr. Karrer:

Thank you for your letter. We were happy to visit with you again. Am glad to learn of the fine opportunity with you are having tomorrow with Dr. Corpening. I am writing to Gerhard Grauer and will enclose a copy of the letter. Perhaps you could call on him in a month or two. If you contact other pastors that I might know or if you think I should write them a letter, let me know.

If you should get to talk with Dr. Tillich, let me know. I have talked with Tillich and believe that he will see you if there is time at all. For as a person he is quite considerate of others and down to earth as a genuine person should be.

We appreciate your weathering six hours on the highway to visit with us. We hope to get up to a Sunday afternoon meeting of the Society when the weather gets better this spring. Thank you for all of your help.

Sincerely yours,

Meredith J. Sprunger

Dear Dr. Sprunger:

The Doctor insisted Wednesday that I give a report to the Urantia School of your sermon last Sunday, which I did. The report, in gist, was that a planetary situation exists in Culver, with your leadership, which will produce fruits of the spirit. They were so pleased and happy with your work; they all wish you Godspeed. By the way, I think you will be receiving more Books.

I received a letter from Dr. Grauer this morning. It follows:

"I have glanced through the book that you gave me and appreciate having you give it to me.

"I appreciated your letter very much and am glad to notice that you are a very positive thinker.

"Shall I return the book to you by mail or do you want to drop in some time and get it? Thank you for your courtesy in extending me the privilege of examining it."

I shall go for the Book sometime in the near future; any advice? Shall I leave the next move to you? a letter from you? or let the matter drop?

I would appreciate your counsel.

Very sincerely,

H.E. Karper
