Dear Dr. Hubbard:

Individuals associated with the Sequoia Seminar have asked me to send you a copy of the enclosed evaluation of the Urantia Book. If you should be interested in borrowing a loan copy for a couple of months, I will be glad to send you one.

It is a most unusual book but must be seen in its totality to be appreciated fully. We have a group of ministers and professional men who have been studying it critically for some time. Evaluated by the highest criterion of truth and insight we know, it meets every test.

If I can be of further help, please contact me.

Cordially yours,

Meredith D. Sprunger

Dear Dr. Hubbard:

Am happy to lend you a copy of the Urantia Book. You may keep it for six months if you wish. If you would rather purchase it than return it, you may send a check for it at that time.

A group of ministers in this section of the country have been studying the book for some time now. It holds up under the highest criterion of evaluation which we know to apply to it.

To be fully understood, one must read the entire book. It would be a pleasure to discuss this matter further with you.

Cordially yours,

Meredith J. Sprunger
