

Millennial Prayer (given August 21, 1994 in Shepherds Field, Bethlehem)

Beloved Universal Father, Michael of Nebadon, Master Jesus;
We have gathered together on the threshold of a new millennium
to offer you our sincere thanksgiving.
For you came forth from Paradise with our Creative Mother and in the name and glory of
The Paradise Father you created us.....Thank you Master!
Thank you for this vast experiential adventure we call life.
Thank you for the myriad opportunities to serve and learn and grow
ever inward through you to the portals of Paradise.
Thank you for your watch care and ministry.
Thank you for your revelations of truth.
Thank you for your celestial children who faithfully and lovingly show us the way.
And thank you especially for your bestowal life on Urantia which started in this humble
place 2,000 years ago.

We welcome you Lord Michael, Sovereign of Nebadon, Jesus of Nazareth....
come and be with us now.

We welcome and acknowledge all who are gathered here on this occasion,
those seen and those unseen.
Angels, Midwayers, Student Visitors, Heavenly Hosts, believers around the globe,
join us now as we praise our beloved Sovereign.
Join us as we honor and adore him.....

Oh Master,
Press closely to us. Hold us in the bosom of your spirit.
Bless us with your presence and grace. We have come here as pilgrims of remembrance,
recounting the life you lived among us as a man.
You took in the fullness of human life, the joy and sorrow, the tragedy and triumph.
You gave back the fullness of God.
You showed us the way to human dignity and sublime self respect.
We have truly come to know you, your humanity as well as your divinity,
your abiding peace, your understanding sympathy, your enduring hope,
your merciful forgiveness, your unfailing wisdom, and your unconditional love.

You are our Master, our Father, our Brother, and our friend.
You are our inspiration and our way home.
Our hearts are nearly bursting with love for you.

On this occasion we would give you a gift.
The dedication of our desire to be like you. True ambassadors of the Heavenly Father.
Know Master, that we mark this day as a new beginning. We consecrate our wills to the
doing the Father's will. With new resolve we go out into this weary, way worn world
to spread your light....your peace.....your forgiveness....and your love.
We will that *all* men and women should come to know and love you as we do.
That they may see you living again, in and through us.
That Urantia will make it to it's goal of light and life.

Help us to usher in a new dispensation of peace and prosperity for your children Master,
and show us the way to love as you love, give as you give, and *be* as you are.
For behold the old things are passing away, all things are becoming new!

Even so may it be, Amen!
