The following is the program for this conference:

Friday July 21

1:00 **Gather** and check into rooms

2:00 **Quick review of spiritual living.**

What spiritual living is. Why it is important. What it achieves. What we did at the last meeting. Review of the after-conference life of my report on the discussion of "Reviving the Urantia Movement".

2:30 **Share**

What of importance has been going on in your spiritual life? What insights have you gained into faith, courage, trust, forgiveness, tolerance, love, etc.? What service experience have you had? Have you discovered or created any music, poems or stories that are spiritually significant to you and why? Have you had any special worship experiences or insights into truth that you can share? Have you had any experience in progress in real thinking? Have you witnessed or participated in the working of spiritual power (the lure and transformative power of love, tolerance, gentleness and forgiveness?) Has our focus on the inevitabilities helped you accept these educational experiences with a better attitude? Have you made any progress in your ability to feast, fatten and enthuse on failure and disappointment?

3:30 PM **Sonship Appreciation**

We will explore the joy of recognizing and living as a maturing child of God. We will examine selected references, read, meditate, journal and share. We will imagine our eternal destiny and consider what it is possible for a mortal-origin child of God to grow into.
